

59042

TO: Board of Acquisition and Contract

FROM: Thomas J. Lauro, P.E.
Commissioner of Environmental Facilities

DATE: September 20, 2017

RE: Request for **Authority to Solicit Bids by Public Advertisement** for
Contract No. EF-1706
Heavy Cleaning and Internal CCTV of a Portion of
The Tarrytown North Intercepting Sewer
Saw Mill Sewer District
Village of Sleepy Hollow
Westchester County, New York

Attached for your consideration is a resolution, which, if approved by your Honorable Board, would authorize the Department of Environmental Facilities to solicit bids by public advertisement for the above referenced project. The work to be performed under this Contract consists of furnishing labor and equipment required to perform heavy cleaning and post cleaning internal video inspection of a portion of the Tarrytown North Intercepting Sewer in the Village of Sleepy Hollow. This contract is subject to appropriations.

The goal and/or objective of this contract is to remove settled deposits in the County owned trunk sewer. Removal of the settled deposits will restore flow capacity to the sewer. Upon completion of the cleaning, an internal video inspection of the sewers is performed to verify the cleaning is complete and to inspect for potential structural and/ or operational defects and problems that may exist with the sewer pipe and related appurtenances. The work will be performed as part of the self assessment provision of the Federal Capacity, Management, Operations, and Maintenance (CMOM) program. This contract is deemed to fulfill a public purpose as the services provided under this Contract promotes the public health and welfare by insuring proper operation of the County's Trunk Sewer System and the prevention and/or elimination of any sewage overflows. The response and work are monitored by representatives of the department throughout the contract to make sure all applicable regulations, safety precautions and codes regarding the protection of persons and property are adhered to and that a cost-effective project is the end product.
