TO: Board of Acquisition and Contract
FROM: John J. Hsu, P.E.
Acting Commissioner of Public Works
DATE: May 24, 2010
SUBJECT: Resolution for Authority to Advertise
Contract No. 09-544
Final Closure
Sprout Brook Residue Disposal Facility
Cortlandt Manor, New York

The 2010 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required for the closure and capping of approximately 32 acres of ash residue landfill.

The objective of this contract is to allow the Department of Environmental Facilities to complete the closure of the Sprout Brook Residue Disposal Facility.

This contract is in the public's best interest because it will promote the health and safety of the general public by providing the environmental benefit of containing leachate and gasses associated with landfill closures, thus addressing the County Executive's priority area: Health and the Environment (HE).

If this resolution is not approved, the Sprout Brook Residue Disposal Facility will not be properly capped and closed.

The department will utilize Primavera Software Management tools to track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
