TO: Board of Acquisition and Contract

FROM: John J. Hsu, P.E.
Commissioner of Public Works

DATE: July 6, 2010

SUBJECT: Resolution for Authority to Advertise
Contract No. 10-208
Airport Wide Striping and Runway 16/34 Rubber Removal
Westchester County Airport
Towns of Harrison and North Castle and Village of Rye Brook, New York

The 2010 Non-Recurring Account contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to re-stripe all of the Airport's runways and taxiways and to remove excess rubber deposits on Runway 16/34. This contract is for a term of three (3) years.

The objective of this contract is to maintain the required reflectivity of safety markings on the Airport's runways and taxiways and to eliminate rubber build-up on Runway 16/34.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring that the Airport meets FAA standards for runway and taxiway safety, thus addressing the County Executive's priority area: Safety and Security (SS). There are no energy or environmental components associated with this project.

If this resolution is not approved, reflectivity of the existing pavement safety markings will continue to deteriorate and eventually may require the closure of runways and/or taxiways.

The department will utilize Primavera Software Management tools to track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

Payment for this entire contract will be made from the Airport Special Revenue Fund, not the County General Fund and will not impact the County tax levy.
