

**13048**

**DATE:** July 21, 2010

**TO:** Board of Acquisition and Contract

**FROM:** Cheryl Archbald, M.D, M.P.H.  
Acting Commissioner of Health

**RE:** Authorization to Enter into Contract with the New York State Department of Health to Accept Continued Funding for the Primary Prevention of Childhood Lead Poisoning Program Grant as follows:

Multi-Year Period:	10/1/10 – 9/30/15
First Budget Period:	10/1/10 – 9/30/11
Amount Not-to-Exceed:	\$653,656

The Westchester County Department of Health (“WCDH”) seeks authorization to enter into contract with the New York State Department of Health (“NYSDOH”) to accept continued funding for the Primary Prevention of Childhood Lead Poisoning Program Grant, pursuant to an approved budget, for the first budget period 10/1/10 through 9/30/11, in the not-to-exceed amount of \$653,656.

This contract promotes the public health and welfare of County residents through the identification of high risk housing units with lead paint hazards, the remediation of the hazards by property owners and the training/education of property owners in the safe abatement and remediation practices of lead hazards and risk factors.

The objective of the program is to preemptively identify these high risk housing units and work with property owners to proactively prevent lead poisoning of children from occurring. Program goals include education on safe lead removal to ensure housing units are in compliance with housing code requirements.

WCDH continually monitors this program by tracking the number of housing units inspected for lead hazards, the number of hazards found and remediated, children ages six and under who have had prior lead screening or who need to be referred for screening, education and training to property owners and contractors in lead safe cleaning and work practices, and through the submission of quarterly reports to the NYSDOH. The total number of targeted housing units is 110,539.

Your approval of the attached resolution is respectfully requested.
