Acting Commissioner, Department of Health

DATE: August 25, 2010

RE: Authorization to Enter into Agreements with Westchester County School Districts to Accept the Federal IDEA Flow-through Funds for Part B, Section 611 and 619 for the contract period as specified by the school districts (7/1/10 to 8/31/11 or 9/1/10 to 8/31/11 or 7/1/10 to 6/30/15), in amounts to be determined by the respective school districts' October 1st 2010 Federal Count

Authority is requested by the Westchester County Department of Health ("WCDH") to enter into agreements with Westchester County School Districts for the 2010-2011 school year to accept Federal Individual with Disabilities Education Act ("IDEA") Flow-through Funds for Part B, Section 611 and 619 for the period specified by the School Districts (7/1/10 to 8/31/11 or 9/1/10 to 8/31/11 or 7/1/10 to 6/30/15), in amounts to be determined by the school districts' October 1st 2010 Federal Count. These amounts are being determined by the New York State Education Department depending on federal allocation.

The WCDH is an approved special education program provider under Section 4410 of the Education Laws of 1989 and its subsequent amendments. As an approved New York State special education program provider, the WCDH may access the Federal IDEA Flow-through Funds for Part B, Section 611 & 619 for said period, as specified by the school districts as listed in the Attachment. The purpose of these Federal IDEA funds is to provide funding for activities that supplement, not supplant, preschool special education services under New York State Education Law and to relieve the County of expenditures over and above prior year costs. This use of the funds is both cost efficient and a federal mandate.

The Agreements are exempt from the Westchester County Procurement Policy pursuant to Sections 3(a)viii, 3(a)ix, 3(a)xii and 3(a)xvii thereof.

Use of the funds from these agreements will promote the public health and welfare of Westchester County's children with special needs by enabling daily participation in special needs programs and other community settings that typically developing children attend. Over 4,400 children are served by the 4410 Preschool Program.

The goals and objectives of these programs are to:

- Provide appropriate educational services to children three to five years old with developmental disabilities and/or delays in accordance with their approved Individualized Education Plan ("IEP")
- Provide these services in the child's least restrictive setting

Since this is federal funding and the County is accepting funding from New York State, there are certain reporting requirements mandated by the state with which we must comply. The use of these funds is monitored, both by the WCDH and respective school districts through monthly productivity reports.

Approval of the attached resolution is respectfully requested.
