RE: AUTHORIZATION TO AMEND AGREEMENT (IT-1148) WITH VERIZON WIRELESS FOR CELLULAR TELEPHONE AND WIRELESS DATA SERVICES BY INCREASING THE AMOUNT OF THE AGREEMENT BY \$14,000 TO A NEW TOTAL NOT TO EXCEED AMOUNT OF \$564,000

BACKGROUND:

- On December 22, 2009, your Honorable Board approved a resolution which authorized entering into an agreement (IT-1148) with Cellco Partnership, a Delaware general partnership, doing business as Verizon Wireless, for cellular telephone and wireless data services for a one year term commencing on December 3, 2009 and terminating on December 2, 2010, utilizing New York State Office of General Services (NYS OGS) Contract PS63766, for a total amount not to exceed \$550,000.
- Recently, the Department of Parks, Recreation and Conservation requested that service for approximately 150 cellular phones used by the Department be changed from Sprint Solutions/Nextel to Verizon Wireless in order to improve service. The resulting migration of these 150 Sprint Solutions/Nextel to Verizon Wireless will result in an increase of \$14,000 in services under the Verizon Wireless contract. This increase will be offset by a corresponding decrease in Sprint Solutions/Nextel expenditures.
- Wireless services continue to be a valuable and essential tool for County staff. Therefore, we now come before your Honorable Board requesting approval to amend agreement IT-1148 with Cellco Partnership, a Delaware general partnership, doing business as Verizon Wireless, to increase the amount of the agreement by \$14,000 to a new total amount not to exceed \$564,000, with all other terms and conditions to remain the same.
- Services covered by this agreement are managed and audited by the Department of Information Technology and paid directly by the departments utilizing the services, after receiving appropriate authorization to procure such service.
- The public purpose for the requested amendment is to benefit the public good by providing County staff with communication devices that enable them to do their jobs more efficiently.

- The goals and objectives for the services provided in the attached resolution are efficient, cost effective cellular telephone and data service. It is in the best interest of the County since it provides the means for County staff to communicate in times of emergencies or during the course of normal work day related activities. Cellular service will be monitored by DoIT staff, in conjunction with staff from the department utilizing the service to be sure the service is not abused and remains cost effective.
- Under our performance based management initiative, this agreement meets fiscal responsibility by utilizing excellent rates for services which were negotiated and approved by New York State, ultimately saving time and taxpayer money. The safety and security of residents is enforced by utilizing communication services that promote quick and efficient connectivity. Fast service is critical, particularly in an emergency situation,.
- This procurement is exempt from the County's procurement policy, under Section 3(a)i, as it is a procurement made pursuant to General Municipal Law Section 104.

ACTION REQUESTED:

- Authorization to amend agreement (IT-1148) with Celco Partnership, a Delaware general partnership, doing business as Verizon Wireless, having a place of business located at 180 Washington Valley Road, Bedminster, New Jersey 07921, for cellular telephone and wireless data services by increasing the amount of the agreement by \$14,000 for a new total not to exceed amount of \$564,000, with all other terms and conditions of the agreement remaining the same.

A resolution authorizing the amendment of the above agreement is submitted herewith for your approval.
