**RE:** Authorization to enter into an agreement with Registered Pharmacist for Hire, PC to provide professional services for the Westchester County Department of Health's pharmacy operations that serve its District Offices, to be paid at the stated contract rates, for the period January 1, 2011 through December 31, 2011, in the not-to-exceed amount of \$35,000

The Westchester County Department of Health ("WCDH") seeks authorization to enter into an agreement with Registered Pharmacist for Hire, PC to provide professional services for the WCDH's pharmacy operations which support our Sexually Transmitted Disease (STD) and Tuberculosis (TB) programs, to be paid at the stated contract rates, for the period January 1, 2011 through December 31, 2011, in the not-to-exceed amount of \$35,000.

Under the terms of the agreement, Registered Pharmacist for Hire, PC ("RPH") will provide to the WCDH, a supervisory pharmacist and pharmacy technicians to provide the services required to fill patient prescriptions that are dispensed in the district offices.

This contract will promote the public health and general welfare of County residents by providing the required supervision of WCDH's pharmacy operations in order to ensure compliance with state regulations regarding the repackaging and correct dispensing of patient-specific medications. In lieu of having personnel to perform these services, RPH provides these services to the WCDH on an as-needed basis. The goal is to ensure that WCDH patients who are being treated and monitored for critical communicable diseases, such as STDs and TB, receive their prescriptions in accordance with proper clinical and treatment regimens. The objective is to minimize the public health risk by providing pharmacological intervention to these patients and improve their overall well-being.

This program will be tracked and monitored by WCDH's clinician monthly reviews of medications dispensed and patient charts. In addition, pharmacy operations staff and clinicians will meet semi-annually to review and update the medication formulary and dispensing protocols. On an annual basis, approximately 7,500 prescription medications are repackaged and labeled for patients treated in the district offices.

This contract is exempt from the Westchester County Procurement Policy under Section 3 (a) (viii) - contracts for medical or health-related services.

Approval of the attached resolution is respectfully requested.
