Attached for your consideration is a Resolution which seeks authority for the County of Westchester, acting by and through the Westchester Community College ("College"), to enter into an agreement with the Westchester County Health Care Corporation ("WCHCC"), whereby WCHCC will provide physical examinations to College employees from January 1, 2011 through December 31, 2015 in an amount not to exceed Ten Thousand (\$10,000.00) Dollars per year, for a total aggregate amount not to exceed Fifty Thousand (\$50,000.00) Dollars. Physical examinations will be provided to prospective and existing College employees who will work in natural sciences clinics, food services and nursing. Fees for physical examinations in 2011 will be according to WCHCC's rates as specified in Schedule "A" attached to the proposed Resolution. Fees for examinations in subsequent years will be according to WCHCC's then current rate schedule.

As you are aware Section 3307(4) of the New York Public Authorities Law requires the approval of the Board of Legislators and Board of Acquisition and Contract for agreements between the County and WCHCC. The Board of Legislators authorized this agreement by Act No. 2011-39 enacted on March 28, 2011.

The goals and objectives of this Agreement will result in an increased number of educated, skilled competent workers in the health care field to meet current, emerging and future needs of the County. The program will be tracked and monitored by the College Division of Health Science and Human Resources.

Accordingly, a resolution authorizing the County to enter into this agreement is herewith attached for your consideration.
