SUBJECT: Resolution to Reject Sole Bid and Re-Advertise
Contract No. 10-235
Weatherization Assistance Program
South County Housing Facilities
Westchester County, New York

On March 23, 2011, one (01) bid was received and opened for Contract No. 10-235 for Weatherization Assistance Program, South County Housing Facilities, Westchester County, New York.

The sole bidder was unable to resolve all informalities in its bid. Therefore, it is requested that the sole bid be rejected and re-advertised as Contract No. 10-235-Rev.

The objective of this contract is to install energy saving upgrades to private housing facilities located in the southern region of Westchester County.

This contract is in the public's best interest because it will provide federally funded energy saving upgrades to private housing facilities throughout Westchester County, thus addressing the County Executive's priority area: Health and the Environment (HE).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

Payment for this contract will be made from the American Recovery and Reinvestment Act of 2009 (ARRA), not the County General Fund and will not impact the County tax levy.

This resolution has been reviewed by the Law Department.
