Subject: Resolution authorizing the County of Westchester to enter into an agreement with Volunteers of America – Greater New York, Inc. to operate a shelter for up to nineteen (19) homeless medically frail men and women at a facility known as the Valhalla Residence located at Sunshine Cottage Road on the Valhalla Campus for the period July 1, 2011 through June 30, 2012 for an amount not to exceed \$674,031 to be paid monthly pursuant to an approved budget and subject to appropriation

The County of Westchester requests authorization to enter into an agreement with Volunteers of America – Greater New York, Inc., (VOA”) to operate a shelter for up to nineteen (19) homeless medically frail men and women at a facility known as the Valhalla Residence located at Sunshine Cottage Road on the Valhalla Campus for the period July 1, 2011 through June 30, 2012 for an amount not to exceed \$674,031 to be paid pursuant to an approved budget and subject to appropriation.

Although the resolution approved by your Honorable Board for the 2010-2011 contract year was for an amount not to exceed \$748,923, the subsequent contract executed was for a lower amount not to exceed \$674,031. So there has been no change in the amount requested for the proposed agreement for 2011-2012.

The services to be provided pursuant to the proposed agreement **serve a public purpose** by assisting the County to provide immediate emergency shelter to eligible homeless medically frail men and women.

Valhalla Residence will provide 24-hour supervision, meals, counseling as well as supportive services including assistance in finding permanent housing. The case manager will provide casework services including linkage to medical and mental health providers. These services are aimed at improving the quality of life of the homeless population in the County.

The **goals and objectives** of the proposed agreement are to provide shelter to homeless medically frail males and females; to provide supportive services that include helping medically frail men and women to find permanent housing and employment to support their transition from welfare to economic independence; and to enhance safety by providing vulnerable medically frail adults with transitional housing which will reduce the risk of them becoming victims of crime and developing

more severe health related issues that result from not having appropriate shelter. Lastly, eligible homeless individuals will receive direct support services: linkages to programs to address their medical and mental health needs; weekly case management sessions and employment referrals; homeless individuals will have access to housing, food, medical, counseling and other supportive services until permanent housing is secured.

The goals and objectives of this program are in the **best interests of the County in terms of public health and public safety** as they are aimed at enhancing and ensuring the health and safety of the targeted population.

The goals and objectives are in the County's **best interests in terms of fiscal responsibility** as they will help medically frail men and women to secure permanent housing and, where possible, transition off welfare and thereby lower public assistance costs.

The goals and objectives will be tracked and monitored through performance measurement indicators developed by the Department and approved by the County Budget Office. The tracking and monitoring include the submission of monthly statistics and quarterly reports as well as through direct contact with the D.S.S. staff in order to swiftly address any impediments to the program's successes.

The Department is able to report that the Vendor's Performance Measurement Indicators reflect that the transitional housing program operated by Volunteers of America – Greater New York, Inc. met its goal of housing eligible customers referred by the Department. The facility accepted 100% of appropriate referrals during the contract period. This program effectively provided shelter and supportive services for 45 medically frail adults. As of 4/30/11, we are able to report the following outcomes:

- Average Length of Stay for all customers: 185 days
- 8 customers secured permanent housing

This contract is exempt from the Westchester County Procurement Policy under Section 3(a) (xiv).

Accordingly, the County of Westchester is hereby requesting permission to enter into an agreement with Volunteers of America – Greater New York, Inc. for the aforesaid purpose.

A resolution requesting the same is attached for your Honorable Board's approval.
