SUBJECT: Resolution authorizing the County of Westchester to enter into an agreement with My Sisters' Place, Inc. for the purpose of providing advocacy and support services to victims of domestic violence and their children for the period January 1, 2012 through December 31, 2012 in an amount not to exceed \$285,885 payable monthly pursuant to an approved budget and subject to appropriation

---

Authority is requested for the County of Westchester, acting by and through its Department of Social Services, to enter into an agreement with My Sisters' Place, Inc., for the purpose of providing advocacy and support services to victims of domestic violence and their children for the period January 1, 2012 through December 31, 2012 in an amount not-to-exceed \$285,885 payable monthly pursuant to an approved budget and subject to appropriation.

This contract serves the **public purpose** of promoting the safety of children and families by providing advocacy and intervention services, thereby enabling children and victims of domestic violence to access vital support services such as legal advice and housing. Services provided to victims of domestic violence and their children include, but are not limited to, the following:

- Counseling
- Safety Planning
- Advocacy
- Securing Orders of Protection
- Securing Safe Housing/Shelter Placements
- Post-Shelter Placement Services

- Court Accompaniment
- Information and Referral
- Networking

The **goals and objectives** of this contract are to provide to victims of domestic violence and their children services such as crisis intervention, emotional support and life skills necessary to promote long-term financial self-sufficiency. Domestic violence liaisons/counselors develop safety plans that avert the need for foster care placements and the cost associated with such placements. The services provide for the health, safety and protection of children and victims of domestic violence. The ability to provide these services decreases the risk of developing severe emotional disorders or adopting behaviors which may put others at risk of physical harm. In addition, under the proposed agreement, four (4) domestic violence liaisons/counselors will be located in the District Offices and a floater liaison/counselor who will be available for CPS/domestic violence case coverage as needed anywhere in the County of Westchester.

The **goals and objectives are in the best interest of the County in terms of public health** as the services provided by My Sisters' Place assist victims of domestic violence and their children with crisis intervention and emotional support. Children in the families that experience domestic violence are at risk of developing severe emotional disorders or adopting behaviors which may put others at risk of physical harm. Domestic violence services provided by My Sisters' Place help to decrease the risks associated with exposure to domestic abuse. Early intervention can avert the risks posed to children and victims of domestic violence.

The **goals and objectives are in the best interest of the County in terms of public safety** as they are aimed at the safety and well being of the children and families of Westchester County. The program under this agreement provides supportive services that allow families that experience domestic violence to seek lives free of violence and achieve the legal authority to protect their children and themselves from recurrent violence. My Sisters' Place also provides services that assist victims of domestic violence in establishing stable and secure households independent of their abusers. Additionally, My Sisters' Place seeks to make the families safe whenever possible by using legal interventions, family and community resources.

The **goals and objectives are in the best interest of the County in terms of fiscal responsibility** in that the Department is able to avert the need for foster care placements and the costs associated with such placements. Preventing children from entering the foster care system can result in substantial savings for the County and the taxpayers.

The **goals and objectives as stated in the resolution will be tracked and monitored** to evaluate success using the performance measurement indicators developed by the Department and approved by the County Budget Office. They include, but are not limited to, reviewing of periodic reports submitted by the vendor, and making onsite visits.

Based on the **Performance Measurement Indicators**, the Department is able to report that My Sisters' Place exceeded the annual goal of providing services for 500 families and 1000 children in the 2011 contract year. As of the end of the second quarter, My Sisters' Place has served 595 families and 1138 children. In addition, My Sisters' Place has secured orders of protection for 94% of families who required their assistance and 100% of families received safe housing with assistance.

This contract is exempt from the Westchester County Procurement Policy pursuant to Section 3(a) xiv as the agreement is for the purposes of providing aid, care and support to persons in need of public assistance.

Accordingly, the County of Westchester is hereby requesting authorization to enter into an agreement with My Sisters' Place, Inc. for the provision of providing the aforesaid services.

A resolution requesting the same is attached for your Honorable Board's approval.
