RE: Resolution authorizing the County of Westchester to enter into an agreement with The Mental Health Association of Westchester County, Inc., for the provision of an Independent Third Party Review Process for the period January 1, 2012 through December 31, 2012 in an amount not to exceed \$413,289 to be paid monthly pursuant to an approved budget and subject to appropriation.

Authority is requested for the County of Westchester to enter into an agreement with The Mental Health Association of Westchester County, Inc. ("MHA") to provide an Independent Third Party Review Process for the period January 1, 2012 through December 31, 2012 in an amount not to exceed \$413,289 to be paid monthly pursuant to an approved budget and subject to appropriation. The Mental Health Association of Westchester County, Inc. has provided this service for the County since 2004. There has been a decrease in the amount requested from that of the previous contract and this decrease is the result of reductions in other than personnel expenses.

The services provided pursuant to this contract serve a **public purpose** because they are aimed at ensuring that the County is in compliance with state regulations, 18 NYCRR, Part 430.12 regarding requirements to hold and document service plan reviews for children in foster care.

The **goals and objectives** of this contract are to provide case record reviews and facilitate Service Plan Reviews for children in family foster care and children who are in 1055 Placements. The Service Plan Review conference is required by the Office of Children and Family Services (OCFS) regulations, NYCRR 430.12, and is used to monitor compliance with court ordered services in support of permanency planning goals for children and families. MHA has the responsibility of scheduling the conferences on a timely basis as required by State mandate, notifying and inviting all participants and monitoring the conference as a neutral third party. Additionally, MHA provides case specific alerts to safety or planning issues. MHA is able to achieve program goals and objectives through the following:

- Identifying cases due for Service Plan Reviews
- Scheduling required conference in Connections (NY State system)
- Sending invitation letters to all participants
- Identifying safety issues and making recommendations to the Department
- Identifying cases to be referred to Foster Care Discharge Review (FCDR) and Single Point of Return (SPOR)
- Reviewing Court Orders

The **goals and objectives are in the best interest of the County** in that the services provided by this contract promote public safety and public health by reducing the risk of further abuse, neglect and maltreatment of the children of Westchester County. By conducting reviews, the Department has an independent audit of the work that is being performed both by the Department and the parent. Youths are encouraged to attend these meetings to discuss their issues, concerns, and successes. Other parties in attendance can be the child's law guardian, service providers and educational providers. Record reviews are conducted and any concerns are reported immediately by MHA.

The **goals and objectives are in the best interest of the County in terms of fiscal responsibility** in that they assist the Department to remain in compliance with State mandates, thereby preventing possible sanctions and fines.

The **goals and objectives as stated in the resolution will be tracked and monitored** to evaluate success using the performance measurement indicators developed by the Department and approved by the County Budget Office. They include, but are not limited to, reviewing of periodic reports submitted by the vendor and making onsite visits.

Based on the **Performance Measurement Indicators** reported as of September 30, 2011, MHA is meeting targets and outcomes as stipulated by the contract and is on track to serving 100% contract capacity. As of September 30, 2011, MHA has performed 474 service plan reviews and has completed and recorded 100% of Service Plan Reviews within ten days of the event.

This contract is exempt from the Westchester County Procurement Policy under Section 3(a) ix as this contract falls under the contracts with professionals or experts and also under Section 3(a) xviii as the purpose of this contract is for the advancement of the moral, physical, mental and social well-being of the youth in Westchester County.

Accordingly, the County of Westchester is hereby requesting permission to enter into this Agreement with The Mental Health Association of Westchester County, Inc., for the above stated purpose.

A resolution requesting the same is attached for your Honorable Board's approval.
