SUBJECT: Resolution authorizing the County of Westchester to enter into an agreement with Family Resource Center of Peekskill, Inc. to manage and operate scattered site transitional housing units for homeless families for the period July 1, 2012 through June 30, 2013 for an amount not to exceed \$300,634 to be paid monthly based on utilization at per diems that are set for each unit pursuant to an approved budget and subject to appropriation

The County of Westchester requests authorization to enter into an agreement with Family Resource Center of Peekskill, Inc. to manage and operate (8) scattered site transitional housing units for homeless families for the period July 1, 2012 through June 30, 2013 for an amount not to exceed \$300,634 to be paid monthly pursuant to an approved budget and subject to appropriation. There has been no change in the amount requested for this proposed agreement. The Common Grant Rule does not apply to shelters because Shelters are paid using a per-diem rate each month charging the relief accounts for the customer's (s') stay.

The services to be provided pursuant to the proposed agreement serve a **public purpose** by assisting the County in providing immediate emergency shelter to eligible homeless families. These services are aimed at improving the quality of life for the homeless population in the County as well as promoting self-sufficiency and economic independence.

The **goals and objectives** of the program are to operate and manage temporary scattered site apartments for families currently living in shelters. The program will provide life skills and budget management training; case management services to address the barriers to obtaining and maintaining permanent housing; information and referrals; jobs and permanent housing for customers through coordination with community agencies.

The goals and objectives of this program are in **the best interests of the County in terms of public health and public safety** as they are aimed at ensuring and enhancing the health and safety of the targeted population. This program creates a safe haven for the targeted population, by providing housing. Further, the program will reduce the risk of this population becoming victims of crime and developing the general health related issues that result from inadequate and inappropriate shelter.

The goals and objectives are in the County's **best interests in terms of fiscal responsibility** as the services provided assist homeless families in finding permanent housing, thereby decreasing the cost associated with providing emergency housing. Additionally, program participants, through referrals to employments services, may become gainfully employed, thereby reducing their dependency on public assistance.

The goals and objectives will be tracked and monitored through performance measurement indicators developed by the Department and approved by the County Budget Office. The tracking and monitoring include the submission of monthly statistics and quarterly reports as well as through direct contact with the D.S.S. staff in order to swiftly address any impediments to the program's success.

The Department is able to report the following for the 2011-2012 contract period:

- 5 (41.67%) families secured permanent housing
- Average length of stay was 345.42 days

This contract is exempt from the Westchester County Procurement Policy pursuant to Section 3 (a) (xiv) as this is an agreement with a not-for-profit organization for the purpose of providing aid, care and support to persons in need of public assistance.

Accordingly, the County of Westchester is seeking authority from your Honorable Board to enter into an agreement with Family Resource Center of Peekskill, Inc. for the aforesaid purpose.

A resolution requesting the same is attached for your Honorable Board's approval.
