**TO:** Board of Acquisition and Contract

**FROM:** Jay T. Pisco, P.E.  
Commissioner of Public Works and Transportation

**DATE:** May 14, 2012

**SUBJECT:** Resolution for Authority to Advertise  
Contract No. 11-536  
Repave Hangar 6 Public Aircraft Apron and Install Blast Fence  
Westchester County Airport  
Towns of Harrison and North Castle and Village of Rye Brook, New York

The 2012 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to mill and resurface the Hangar 6 pavement apron and to install approximately 400 linear feet of vertical blast fencing along the south edge of the apron. Additional work includes upgrading of the drainage system including resurfacing of the existing off-pavement drainage swales, installation of new drainage pipe and regrading of grassed areas to provide more effective drainage.

The objective of this contract is to replace substandard areas of asphalt paving and to improve the blast fencing system.

This contract is in the public's best interest because it will promote the health and safety of the general public by ensuring that the Airport meets FAA standards, thus addressing the County Executive's priority area: Safety and Security (SS).

The project will provide an environmental benefit by eliminating flooding and erosion.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.

Payment for this entire contract will be made from Federal Aviation Administration Funds and the Airport Special Revenue Fund, not the County General Fund and will not impact the County tax levy.
