SUBJECT: Resolution authorizing the County of Westchester to enter into an agreement with the Westchester Community Opportunity Program, Inc ("WestCOP") for the provision of assisting low-income households with the application process for regular and emergency heating benefits (HEAP program) for the period October 1, 2012 through September 30, 2013 in an amount not to exceed \$27,200 to be paid in accordance with an approved program budget

Transmitted herewith is a resolution requesting authority for the County of Westchester to enter into an agreement with the Westchester Community Opportunity Program, Inc. ("WestCOP") for the provision of assisting low-income households with the application process for regular and emergency heating benefits (HEAP) for the period October 1, 2012 through September 30, 2013 in an amount not to exceed \$27,200 to be paid in accordance with an approved program budget. In an effort to promote austerity, there has been no increase in the amount requested under the new agreement. WestCOP is a Community Based Organization and has provided this service for the past twelve (12) years.

The services provided pursuant to this agreement serve a **Public Purpose** as the program is designed to assist low-income households, particularly those with the lowest incomes, who pay a high proportion of household income for home energy, primarily in meeting their immediate home energy needs.

The Goals and Objectives of this program are to aid the vulnerable households in Westchester County with the application process for the HEAP program. An outline of the goals and objectives is as follows:

- Provide outreach and intake sites for regular and emergency benefits
- Provide certification services
- Coordinate access or alternate hours for HEAP applicants whose employment schedule makes it difficult to apply during normal business hours
- Conduct eligibility interviews
- Obtain documentation
- Conduct certifications in accordance with federal, state and local HEAP policy and procedures
- Route all applications to Westchester County HEAP within 15 calendar days of the receipt of a signed and completed application
- Route all original applications, documentation to Westchester County HEAP

- Assist applicants with the filing of a HEAP application
- Calculation of the budget worksheet

The Goals and Objectives are in the best interest of the County regarding fiscal responsibility in that there is a significant cost to adding additional employees to the County workforce to process HEAP applications. By contracting with WestCOP, Westchester County is able to address the needs of the vulnerable and meet federal and state processing requirements. The program is in the best interests of the County in terms of **Public Health and Public Safety** as it is aimed at ensuring the availability of proper heating to those families and individuals who cannot afford high energy costs.

The goals and objectives will be tracked and monitored using Performance Measurement Indicators adopted by the Department and approved by the County Budget Office. They include, but are not limited to, the submission of a detailed billing summary that the organization is required to file before payment is made.

The Department is able to report that the results achieved under this program for the 2011 – 2012 contract period are as follows:

- WestCOP filed a total of 1019 applications for the 2011-12 heating season
 - 847 were for regular HEAP benefits
 - 172 were for emergency HEAP benefits
- WestCOP submitted applications twice a week to Westchester County DSS
All applications were submitted in a timely fashion

Authority to exempt this Agreement from the requirements of the Westchester County Procurement Policy and Procedures pursuant to Section 3(a) xxi has been requested through a separate resolution.

Accordingly, authority is requested for the County to enter into agreement with the Westchester Community Opportunity Program, Inc (“WestCOP”) to operate the above said program.

A resolution requesting the same is attached for your Honorable Board's approval.
