The goals and objectives of this agreement are in the best interests of the County in terms of public health and public safety in that the services provided through this contract will ensure the health and safety of the targeted population by providing them with varying forms of assessments and placing them in appropriate housing as well as to provide necessary referrals to hospitals, substance abuse programs and other community network providers. Further, the goals and objectives of this agreement are in the best interests of the County in terms of fiscal responsibility as assessing employability and providing supportive services may lead to employment which in turn will promote financial security and self sufficiency of the targeted population.

The goals and objectives will be tracked and monitored through performance measurement indicators developed by the Department and approved by the County Budget Office. The tracking and monitoring include the submission of monthly statistics and quarterly reports as well as direct contact with the D.S.S. staff.

The Department is able to report the following Performance Measurement Indicators:

- 904 unduplicated customers were served
- 2,674 assessment and treatment sessions were completed
- 94.4% of customers served attended their 1st scheduled assessment appointment.
- 43 % of the total number of customers referred to treatment attended their initial appointment

This contract is exempt from the Westchester County Procurement Policy under Section 3(a)viii.

Accordingly, the County of Westchester is hereby requesting permission to enter into an agreement with The Mental Health Association of Westchester County, Inc. for the reasons stated above.

A resolution requesting the same is attached for your Honorable Board's approval.
