Re: **Authority for the County to enter into an agreement with Westchester Institute for Human Development, to provide Aftercare for Children Transitioning from Family Foster Care & Article X Court Directed Custody, for the term June 1, 2013 through December 31, 2017 in the total amount not to exceed \$3,652,634, to be paid pursuant to an approved budget and subject to appropriations**

On November 28, 2012, the Westchester County Department of Social Services ("Department") issued a Request for Proposals for "Aftercare to Serve Children Transitioning from Family Foster Care & Article X Court Directed Custody" (the "RFP"). The Department received eight proposals, and after evaluation by a panel of Child Welfare staff, the Department has determined that the proposal of Westchester Institute for Human Development received the highest score based on the criteria contained in the RFP and was determined to be the most cost effective and advantageous to the Department. It is therefore recommended that your Honorable Board authorize the County of Westchester to enter into an agreement with Westchester Institute for Human Development, to provide aftercare for children transitioning from family foster care & Article X court directed custody for the term June 1, 2013 through December 31, 2017 in the total not to exceed amount of \$3,652,634 (the "Agreement"), to be paid pursuant to an approved budget and subject to appropriations. The total not to exceed amount of the Agreement will be divided into annual amounts follows: \$440,624 in 2013; \$773,973 in 2014; \$792,192 in 2015; \$812,348 in 2016; and \$833,497 in 2017.

The proposed Agreement will provide intensive, family-centered, home based services with a goal of reunification with a parent or another permanent resource, before and after foster care placement and can reduce time in foster care and recidivism. Aftercare will be provided for children transitioning from family foster care and Family Court Act, Article X Court directed custody, by providing comprehensive and coordinated services to children and their families

beginning 90 days prior to discharge from foster care or Art. X Court directed custody and continuing for up to two years after discharge. The services to be provided will include intensive case management, as well as parenting and life skills training, mental health counseling, crisis management and stabilization, educational advocacy, coaching in homemaking, budgeting assistance, job training opportunities as well as effectuating referrals for substance abuse treatment and relapse prevention.

The Agreement will serve **the public purpose** of helping children leaving foster care being reunified with their parents through intensive case management and supportive services. This in turn has the **goal** of reducing both the length of stay in foster care and recidivism, thereby reducing the need for foster care services and saving taxpayer funds.

A resolution is annexed hereto, which I recommend for your favorable consideration.
