TO: Board of Acquisition and Contract

FROM: Jay T. Pisco, P.E.
Commissioner of Public Works and Transportation

DATE: April 16, 2013

SUBJECT: Resolution for Authority to Advertise
Contract No. 13-518
Stormwater Management and Wetland Restoration
At the Intersection of Fisher Lane and Bronx River Parkway
Town of Greenburgh, New York

The 2013 Capital Account contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to remove existing invasive plant species through methods of herbicide applications along with clearing and grubbing. The project will include improvements to existing hydrology through installation of aluminum arch pipes, concrete headwalls, vegetative wet swales and micropools. Work also includes the removal and replacement of existing deteriorated asphalt pathways, re-grading and planting of native plant species and seed mixes appropriate to wetland and floodplain areas.

The objective of this contract is to stabilize the streambank on the Bronx River, using a combination of structural and bioengineering techniques along with restoration of the existing freshwater wetland.

This contract is in the public's best interest because it will provide an environmental benefit by reducing flooding and erosion, thus addressing the County Executive's priority area: Health and the Environment (HE).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
