Authority is requested for the County of Westchester to enter into an Agreement with the Westchester Hispanic Coalition, Inc. for the provision of culturally specific and sexual assault and domestic violence case management services to Latinas for the period January 1, 2013 through December 31, 2013 for an amount not to exceed \$100,000 to be paid pursuant to an approved budget and subject to appropriation.

The public purpose of this program is to provide culturally specific sexual assault and domestic violence case management services that addresses the victimization and complex ramifications of sexual assault in the Latina immigrant community.

The goals and objectives of the Alianza Latina Contra Agresion Sexual Program (ALAS) are to provide culturally specific sexual assault and domestic violence case management services to Latinas such as follows:

- Bilingual/bicultural 24/7 Hotline services
- Community-based teams of volunteer Crisis Counselor-Advocates
- Comprehensive outreach, education and service provision efforts grounded in local Hispanic community mores and implemented through established social networks.

The **goals and objectives** will be monitored using the performance measurement indicators developed by the department and approved by the County Budget Office. The vendor will submit monthly statistics and quarterly performance reports in the format approved by the Department. The Program office will be responsible for setting the milestones and tracking their achievements.

The goals and objectives of this program are in the best interest of the County in terms of public health and public safety as they are aimed at ensuring and enhancing the health and safety of the targeted population. The 24/7 hotline allows Westchester County residents to receive help in a crisis situation with problems of domestic violence by offering options and resources to maximize safety. The County enhances public safety by providing a safe environment to victims of domestic violence and their minor children.

The goals and objectives are in the County's best interest in terms of fiscal responsibility as they may reduce costs associated with responding to emergency calls for help and protection of these victims.

The contract is exempt from the Westchester County Procurement Policy pursuant to Section 3(a) xiv as all the clients served under this program are people on public assistance or are in need of public assistance. The proposed agreement is exempt from the application of the Federal Common Grant Rule as it falls under the Social Service Block Grant.

Approval of the annexed resolution by your Honorable Board is respectfully requested.
