Commissioner of Health

RE: Authorization for the County of Westchester to amend a Resolution approved on April 1, 2010, as amended, for Agreements with Early Intervention and Related Services Providers Pursuant to Article 25, Title II-A of the New York State Public Health Law and Section 4410, Part 200 of the New York State Education Law respectively, in order to add one new Related Services Provider, Richard Madison Associates, Inc.

On April 1, 2010, your Board approved a resolution (the "April 1st Resolution"), as amended, authorizing the County to enter into Agreements (the "Agreements") with approved and licensed Early Intervention and Related Services Providers pursuant to Article 25, Title II-A of the New York State Public Health Law and Section 4410, Part 200 of the New York State Education Law respectively, for the period July 1, 2010 through June 30, 2015, with each provider to be reimbursed at rates established and approved by the New York State Department of Health and New York State Education Department ("NYSED") respectively.

On June 17, 2010, the April 1st Resolution was amended to add two approved and licensed providers, Speech and Communication Professionals and Behavior Analysts of New York, LLC, subject to the same terms and conditions of the April 1st Resolution. These agreements were subsequently executed.

On November 3, 2011, the April 1st Resolution was further amended to add another approved and licensed provider, Sunshine RN, PT, OT, SLP and Psychology, PLLC, subject to the same terms and conditions of the April 1st Resolution. This agreement was subsequently executed.

Accordingly, authorization is hereby respectfully requested to amend the April 1st Resolution by adding one approved and licensed Related Services provider, Richard Madison Associates, Inc., effective August 1, 2013. This provider will be subject to the same terms and conditions of the April 1st Resolution, and will address an identified unmet need in northern Westchester school districts for children with special needs three to five years of age who will benefit from these services.

These agreements will promote the public health, safety and welfare of Westchester County's children with special needs by enabling their daily participation in special needs programs and other community settings that typically developing children attend. On an annual basis, approximately 10,000 children are served by the Early Intervention and Related Services programs.

The goals and objectives of these programs are to:

- Provide appropriate services to children from birth to five years of age with developmental disabilities and/or delays in accordance with their approved Individualized Family Service Plan (IFSP) or Individualized Education Plan (IEP).
- Provide these services in the child's natural environment and least restrictive setting.

Providers will be monitored, as per their contract requirements and the Health Department's performance measurement indicators, for the provision of services through program site visits and review of their clinical session and progress reports, and accuracy of billing by monthly reviews of submitted documentation.

All other terms and conditions of the April 1st Resolution as amended shall remain the same. Your approval of the attached Resolution is respectfully requested.
