To: Board of Acquisition and Contract

From: Thomas J. Lauro, P.E.
Commissioner of Environmental Facilities

Date: August 12, 2013

Re: Request for **Authority to Solicit Bids by Public Advertisement for**
Contract No. **EF-1306**

Install a new security gate at the Yonkers Joint Wastewater Treatment Plant. Work required as a result of damage sustained during Superstorm Sandy.

Attached for your consideration is a resolution, which, if approved by your Honorable Board, would authorize the Department of Environmental Facilities to solicit bids by public advertisement to furnish and install a new security gate at the entrance to the at the Yonkers Joint Wastewater Treatment Plant. The contract will be for a duration of ninety (90) days.

This Contract consists of providing all necessary labor, materials, parts and equipment required to the furnishing and installation of a tilt-a-way gate operator, aluminum pivot gate, snow removal access doors, photo beam, reversing edge and other accessories. All work to be performed at the front entrance to the Yonkers Joint Wastewater Treatment Plant.

The security gate was damaged due to the effects of Superstorm Sandy on October 29 & 30, 2012. The storm surge resulted in river water entering plant facilities and causing extensive damage to the underground infrastructure due to water infiltration and the resulting salt-water effects. Flood waters caused damage to the gate operator, the pivot gate and associated electrical controls.

The objective of this contract is to ensure the full and proper operation of the security gate at the Yonkers Joint Wastewater Treatment plant. This Contract is deemed to fulfill a public purpose as the services provided under this contract protect the building and facilities owned by the Department of Environmental Facilities and enable the Department to carry out its basic mission to provide wastewater treatment and maintaining satisfactory water quality.

Personnel from the Department of Environmental Facilities will manage and supervise the work performed by the selected Contractor. Verification by DEF is for payment and tracking purposes only and in no way relieves responsibility from the Contractor for completing the work as described herein. The Contractor will be responsible to comply with all applicable regulations and industry standards.

Approval of the attached resolution is respectfully requested.
