RE: Resolution authorizing the County of Westchester to enter into an agreement with Family Services of Westchester, Inc. ("FSW") pursuant to which FSW will provide the Re-Entry Plus program providing responsible parenting and employability preparedness training services to men who were or are involved in the criminal justice system for the period March 1, 2014 through February 28, 2015 in an amount not-to-exceed of \$45,000 to be paid monthly pursuant to an approved budget and subject to appropriation

Authority is requested for the County of Westchester (the "County"), acting by and through its Department of Social Services (the "Department"), to enter into an agreement with FSW, pursuant to which FSW will provide the Re-Entry Plus program providing responsible parenting and employability preparedness training services to men who were or are involved in the criminal justice system for the period March 1, 2014 through February 28, 2015. In consideration for the services to be rendered, the County will pay FSW an amount not-to-exceed of \$45,000, to be paid monthly pursuant to an approved budget and subject to appropriation.

The agreement with FSW will serve a **public purpose** by helping men who have or have had involvement with the criminal justice system to improve the emotional relationships with their children and provide for their economic support. By teaching these men to be better fathers and by assisting them in becoming employable, this program seeks to promote financial independence and improve the prospect of financial stability for many children and families within the County.

In addition, the program promotes the safety and well-being of County residents as well. A 2005 national conference of Mentoring Children of Prisoners programs estimated that without

intervention, 80% of children of incarcerated parents will have some involvement with the criminal justice system. It has been documented that such children suffer from disrupted attachments and placement with caregivers who are likely to have low incomes and lack the supports and resources necessary to address the child's needs. FSW established the Re-Entry Plus program to address issues commonly experienced by individuals who have been incarcerated in an effort to reduce exposing children of incarcerated parents to such risk factors as poverty, substandard housing, parental substance abuse, mental, physical and/or sexual abuse and exposure to criminal activities, as well as, introducing stability into the lives of such children.

The goals and objectives of this program are to provide parenting workshops and employment training resources which offer tools to assist these men in meeting the challenges they face, such as, lack of family support, transportation, employment, and housing issues. The Vendor will be able to accomplish the goals and objectives using the following tools:

- Individualized parenting plan
- Child development and effective discipline workshops
- Employment counseling
- Job readiness training
- Financial literacy classes
- Computer training classes
- Interviewing workshops

The goals and objectives are in the best interests of the County in terms of fiscal responsibility because the goal is for the men to become employed and eliminate dependence on public assistance. Since these men are cooperating in the process of obtaining employment, whether through skills training or other support, they are involved in countable work activities. These countable employment activities are tracked by the Federal government in order to continue providing funds for these employment programs.

The goals and objectives as stated in the resolution will be tracked and monitored to evaluate the success using the performance measurement indicators developed by the Department and approved by the County Budget Office. They include, but are not limited to, reviewing of periodic reports submitted by the vendor and making onsite visits.

Based on the **Performance Measurement Indicators** reported as of December 31, 2013, the Department is able to report that 49 men participated in parenting and/or employment training.

This agreement is exempt from the Westchester County Procurement Policy and Procedures pursuant to Section 3 (a) xiv. It should be noted that each individual selected to receive assistance through this Re-Entry Plus program shall have demonstrated such financial need for public assistance through an income screening process.

It should be further noted that this agreement is exempt from the requirements of the Federal Common Grant Rules, as funding for these services falls under the Social Services Block Grant.

Accordingly, your Honorable Board's approval of the attached resolution is most respectfully requested.

APPROVED BOARD OF ACQUISITION & CONTRACT - 04/03/2014 - JOMARY VIEIRA, SECRETARY
