Chief Information Officer
Department of Information Technology

RE: Authorization to enter into an agreement with each of ten (10) parties, pursuant to which each party will serve as either the only provider, primary provider, or backup provider for one or more information technology professional consultant services, as specified below, for a term commencing on April 1, 2014 and terminating on March 31, 2016, for a total aggregate amount not to exceed \$7,932,029.00 for all such agreements.

BACKGROUND:

- On January 13, 2014, the County issued a request for proposals ("RFP") seeking proposals from qualified individuals and companies to provide various information technology professional consultant services. In response to the RFP, the County received a total of 1,471 proposals, for various of the 136 services for which proposals were solicited, from a total of 36 proposers.
- The County has determined that, for many services, it is most advantageous to enter into an agreement with both a primary provider and a backup provider, so that the County can still receive a necessary service from a backup provider when a primary provider is unable to provide the service. For some services, however, the County has determined that it is most advantageous to enter into an agreement with only one (1) provider. The details about the agreements for which authority is sought for various information technology professional consultant services are set forth below, and attached hereto is the list of proposers for each service listed below.

- Service Number 8**

In response to the RFP, the County received sixteen (16) proposals to provide service number 8, entitled "Perform design, implementation and programming services for / using .NET Developer for Workflow Team and related County projects". After a review and evaluation of those proposals based upon the criteria specified in the RFP, the proposal from Atria Consulting, LLC ("Atria") was selected.

Atria will be paid hourly rates not to exceed the following:

SERVICE	1 YEAR EXPERIENCE RATE	3 YEAR EXPERIENCE RATE	5 YEAR EXPERIENCE RATE	1 YEAR EXPERIENCE RATE with certification	3 YEAR EXPERIENCE RATE with certification	5 YEAR EXPERIENCE RATE with certification

Perform design, implementation and programming services for / using .NET Developer for Workflow Team and related County projects	\$70.00	\$90.00	\$100.00	\$75.00	\$95.00	\$105.00

- The proposed agreements will serve a public purpose by providing the County with the information technology professional consultant services needed for numerous current County projects, as well as future projects that are begun during the term of the agreements.
- The goal and objective of the proposed agreements is to make available to the County qualified vendors to provide the aforementioned services for numerous current County projects, as well provide those services, as necessary, for any future projects that are begun during the term of the agreements.
- The goal and objective of the proposed agreements is in the best interests of the County in terms of fiscal responsibility, as the County will receive the necessary services at a reasonable cost based on the competitive RFP process. In addition, for some of the agreements, the County projects for which the vendors will be providing services are implementations or expansions of electronic systems that are cheaper to operate than the existing systems.
- The goal and objective of the proposed agreements will be continually tracked and monitored by staff from the Department of Information Technology.

RESOLVED, that each agreement is subject to County appropriations; and be it further

RESOLVED, that each agreement is also subject to further financial analysis of the impact of any New York State Budget (the "State Budget") proposed and adopted during the term of each agreement. The County shall retain the right, upon the occurrence of any release by the Governor of a proposed State Budget and/or the adoption of a State Budget or any amendments thereto, and for a reasonable period of time after such release(s) or adoption(s), to conduct an analysis of the impacts of any such State Budget on County finances. After such analysis, the county shall retain the right to either terminate each agreement or to renegotiate the amounts and rates approved herein. If the County subsequently offers to pay a reduced amount to one or more contractors, then each such contractor shall have the right to terminate its agreement upon reasonable prior written notice; and be it further

RESOLVED, that the County Executive or his duly authorized designee is hereby authorized to execute and deliver any and all documents and to take all action necessary and appropriate to effectuate the purposes of this Resolution.
