Contract No. 14-504
Hurricane Sandy Rehabilitation
Effluent Pump Building Roof Replacement
Mamaroneck Wastewater Treatment Plant
Mamaroneck, New York

The 2014 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to remove and replace the existing roofing at the Effluent Pump Building at the Mamaroneck Wastewater Treatment Plant.

The objective of this contract is to maintain the weather tightness of the Effluent Pump Building.

This contract is in the public's best interest because it will extend the life of the existing structure.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
