FROM: Mae Carpenter, Commissioner
Department of Senior Programs and Services

RE: Request for authority for the County of Westchester to enter into an Agreement with the Food Bank for Westchester to provide Assistance Services to the elderly under the Community Services for the Elderly Act in amount not to exceed \$40,000 in State funds, payable pursuant to an agreed upon unit cost, for the program period April 1, 2014 through March 31, 2015.

The County of Westchester (the "County"), acting by and through its Department of Senior Programs and Services (the "Department"), seeks authority from your Honorable Board to enter into an Agreement with the Food Bank for Westchester (the "Contractor") to provide Assistance to seniors applying for Supplemental Nutrition Assistance Program (SNAP) Food Stamps, and will include referral to appropriate departments to complete the application process (the "Program") under the Community Services for the Elderly Act grant in an amount not to exceed \$40,000 in State funds, payable pursuant to an agreed upon unit cost, for the program period April 1, 2014 through March 31, 2015. The County at its sole option may renew the Agreement for up to four (4) additional one (1) year periods, subject to the further approval of the Westchester County Board of Acquisition and Contract and your Honorable Board.

The proposed Agreement will serve a public purpose through providing assistance to seniors and reducing the issues of food insecurity and hunger in Westchester County. Seniors require greater consideration towards their health and medical needs, which become compromised when there is not enough food to eat. A significant percent of senior households indicate that they have to choose between food and medical care and a higher percent have to choose between food and paying for heat or utilities. The overall purpose will therefore help maintain Westchester County seniors living healthier and securely in the community and avoiding premature institutionalization.

The Department's goal and objectives are to provide the most needy, vulnerable older adults with food stamp application assistance in a timely and efficient process. Objectives will also include identifying seniors who are eligible recipients for the Food Stamp Program through outreach with collaborating partners, presentations to senior centers or through referral from aging network partners. The assistance and pre-screening services provided will help the seniors navigate and complete the application process through the one-on-one phone interview and in home visits by the Contractor's trained staff. Bilingual assistance is also available to provide timely and efficient service to food insecure seniors in need.

The goals and objectives are in the best interests of the County in terms of public health because they aim at providing assistance to nutritionally at risk seniors, improving health status and reducing the food insecurity needs amongst the low income, minority seniors.

The goals and objectives will be tracked, monitored and evaluated through monthly reporting activities and annual on-site reviews to determine if the contract performance goals and objectives are being met in a fiscally responsible and appropriately safe and successful fashion.

The Agreement with the Contractor is exempt pursuant to Section 3(a) Subsection xix of the Westchester County Procurement Policy.

Accordingly, I most respectfully recommend adoption of the attached proposed resolution.
