Authority is requested to enter into an agreement with Friendship Unified Freewill Baptist Church of Mount Vernon pursuant to which Friendship Unified Freewill Baptist Church of Mount Vernon, through its Friendship Visitation Center program, will provide a safe and neutral environment for families to reconnect as a family unit to work towards reunification or alternative arrangements for children residing or potentially residing outside of their homes or communities for the period January 1, 2015 through December 31, 2015 in amount not to exceed \$57,000 to be paid monthly pursuant to an approved budget and subject to appropriation.

This contract serves a **public purpose** because it allows faith based local institutions to partner with the Department in order to promote family stability, safety of children and improved parent-child interactions. Furthermore, it assists the Department in achieving its goal of keeping families intact and within the communities.

The **goals and objectives** of this contract are to provide a safe and nurturing environment that will promote reunification of families. In order to achieve its goals and objectives, Friendship Visitation Center program will:

- Provide a neutral person (visitation specialist) who will supervise and coach the family visit;
- Establish short and long term behaviorally specific and measurable goals for the visits;
- Ensure children's safety during visits;
- Report immediately any incidents or major concerns regarding the visits;
- Observe and document family progress or lack of progress during visits.

The **goals and objectives are in the best interest of the County in terms of public health and public safety** as the program is aimed at promoting the safety and health of the children of Westchester County by providing a safe and neutral environment for parents, grandparents, siblings and prospective discharge resources to visit with the children in foster care.

The **goals and objectives are in the best interest of the County in terms of fiscal responsibility** as this program may help reduce the number of children placed outside of the home or community resulting in cost savings for the department. Having children return or remain in their home and community may reduce the costs associated with out-of-home placements.

The Performance Measurement Indicator reports and statistics submitted monthly will be tracked and monitored by the program office. Based on the Performance Measurement Indicators submitted by vendor from January 2014 through November 2014, the Department is able to report:

- 100% of the referrals received a response within 48 hours
- 100% of referrals picked up for visitation within 5-7 business days
- 100% of families had long/short term goals established within 1st week
- 100% of critical incidents reported to DSS on same day

This agreement is exempt from the Westchester County Procurement Policy pursuant to Section 3a (xiv) as the agreement is with a not for profit organization to provide aid and care to persons in need of public assistance in Westchester County. This agreement falls under the Social Services Block Grant and therefore is exempt from the requirements of the Federal Common Grant Rules.

Therefore, the County of Westchester is hereby requesting authorization to enter into an agreement with Friendship Unified Freewill Baptist Church of Mount Vernon for the aforesaid purpose.

A resolution requesting the same is attached for your Honorable Board's approval.
