Contract No. 15-220
Boiler Gas Conversion
Coachman Family Center
White Plains, New York

The 2015 Operating Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to convert existing oil fired steam heating boilers to natural gas at the Coachman Family Center.

The objective of this contract is to upgrade the oil fired burners to more efficient gas burners.

This contract is in the public's best interest because it will promote the health and safety of the general public by utilizing high efficiency gas fired burners while providing an energy savings by reducing energy consumption, thus addressing the County Executive's priority area: Fiscal Responsibility (FR).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
