Re: Authority to amend an affiliation agreement with St. Joseph's Hospital to include additional supervised clinical education and instruction in the Dietetic and Paramedic programs.

Westchester Community College (the "College") has an existing agreement with St. Joseph's Hospital ("St. Joseph's") whereby the College, in conjunction with St. Joseph's offers supervised clinical education and instruction for Westchester Community College students who are pursuing training in the Nursing and Surgical Tech Programs. The agreement commenced on January 1, 2014 and will expire on December 31, 2018. The parties would like to amend this agreement to include supervised clinical education and instruction in the Dietetic and Paramedic programs. There will be no cost to the College, but the parties will cross indemnify each other for their respective negligence.

I believe that it is in the best interest of the College to provide clinical education and instruction programs; and I therefore, recommend that you act favorably on the annexed proposed resolution.
