The attached Resolution, if approved by your Honorable Board, would authorize the County of Westchester (the “County”) to enter into an agreement (the “Agreement”) with the Westchester Arts Council, Inc. d/b/a ArtsWestchester (“ArtsWestchester”), pursuant to which ArtsWestchester will administer and deliver the County of Westchester’s cultural services to County residents, including the “Maintain Cultural Services” (Challenge) program. ArtsWestchester’s administration and deliverance of these services shall also include basic program and project support, arts initiatives in Mount Vernon and Yonkers for special needs residents, transportation for students and seniors to cultural sites, management of a County-wide arts-in-education program, provision of marketing and information services informing County residents and visitors of the numerous arts opportunities available throughout the County, maintenance and upgrading of its website and customer relationship management functions, making free and low-cost space available at the Arts Exchange Building to County artists, non-profit cultural organizations and community groups, and developing and implementing County-wide cultural initiatives. The Agreement shall be in an amount not to exceed One Million Five Hundred Forty-Seven Thousand (\$1,547,000.00) Dollars, commencing January 1, 2016 and terminating December 31, 2016, payable pursuant to an approved budget, in four (4) equal quarterly installments. These funds shall be expended by ArtsWestchester to carry out the scope

of services attached hereto as Schedule “A” and in accordance with the approved budget attached hereto as Schedule “B”.

As more fully described in the scope of services attached as Schedule “A”, ArtsWestchester shall manage and deliver the County’s cultural services to County residents. These services are designed to enrich the lives of County residents by providing access and involvement in the arts to all County residents. These shall include a robust and diverse array of cultural services, ranging from concerts, exhibitions and performances to family workshops and arts education programs. These cultural amenities enhance the quality of life, bolster Westchester as a desirable place to live and work, and support the county’s efforts to attract and retain corporations. ArtsWestchester will provide these services directly and will also subcontract with at least forty (40) eligible organizations to provide these services, including but not limited to Caramoor Center for Music and the Arts, Katonah Museum of Art, Historic Hudson Valley, the Jacob Burns Film Center, the National Trust for Historic Preservation on behalf of Lyndhurst, the Neuberger Museum, Paramount Center, the Performing Arts Center at SUNY Purchase, the Westchester Philharmonic and cultural organizations which shall provide cultural activities and programs specifically within the Cities of Yonkers and Mount Vernon. ArtsWestchester shall provide these services after collaboration with the County’s Office of Tourism to ensure that funding is appropriately leveraged.

Pursuant to the Agreement, ArtsWestchester shall partner with cultural organizations, youth groups, school districts and human service agencies throughout the County, in order to provide art services, artist residencies, classes and workshops. ArtsWestchester shall also help districts that serve large populations of students from economically disadvantaged families, including, but not limited to Mount Vernon, Greenburgh and Yonkers, as well as provide outreach to the Ossining and Tarrytown school districts. ArtsWestchester shall also identify candidates for its Directory of Teaching Artists, provide schools and community sites with access to an on-line directory of teaching artists, provide technical assistance for teaching artists and educators, and secure and distribute funds for curricula-based, artist residencies.

Pursuant to the Agreement, ArtsWestchester shall also administer a “Maintain Cultural Services” (Challenge) program that will enable at least twenty-five (25) cultural organizations representing a variety of disciplines to leverage increased private funds in order to provide Westchester residents with affordable cultural programs, events and activities.

In addition, ArtsWestchester will produce a monthly, publication, “ArtsNews” ranging from twelve (12) to sixteen (16) pages each, which will be inserted into The Westchester County Business Journal, and will be provided to more than one thousand (1,000) individuals on ArtsWestchester’s mailing list, libraries, train stations and to various County office buildings.

ArtsWestchester shall further maintain and upgrade its website and customer relationship management functions. Its website: www.artswestchester.org, is designed to serve as a one-stop location for anyone seeking information about arts and culture in the County. The primary feature, an interactive calendar, is accessible from each page and searchable by date, artistic genre, venue and location, so residents and visitors alike can use one site to easily find information about events offered throughout Westchester County that match their individual

preferences. The website provides a page for each of more than one hundred forty (140) cultural organizations, linking to their sites so visitors can easily purchase tickets.

Furthermore, ArtsWestchester will provide free or low-cost space for meetings, rehearsals, workshops, exhibitions, performances and other cultural activities on the Arts Exchange Building's 9th floor or in other appropriate spaces throughout the building, exclusive of the Grand Banking Room. ArtsWestchester will manage, schedule and document the use of spaces in the Arts Exchange Building by artists, cultural organizations, and community groups. Artists, cultural organizations, and community groups will utilize space at the Arts Exchange for at least six hundred (600) hours during the term of the Agreement.

Lastly, ArtsWestchester will develop collaborative marketing activities with other agencies and develop promotional materials that have wider circulation and impact than the marketing of a single event or organization, thus building greater awareness of and participation in cultural activities. ArtsWestchester will develop and implement a collaborative marketing campaign to promote *Music in the Air*, a four (4) month long cultural initiative of free and affordable outdoor music events. The campaign will promote outdoor summer concerts presented in public locations throughout the County between June and September, 2016. In addition, ArtsWestchester will identify and promote at least two hundred fifty (250) events. A significant portion (over 85%) will be free.

The goals and objects of the Agreement will support the public welfare of the County by enabling ArtsWestchester to fulfill its role as the County's designated agency for delivering arts and cultural services to county residents. Working in partnership with not-for-profit cultural organizations throughout the County, ArtsWestchester ensures that County residents have access to a robust and diverse array of cultural services, ranging from concerts, exhibitions and performances to family workshops and arts education programs. These cultural amenities enhance the quality of life of County residents, bolsters the County as a desirable place to live and work, and supports the County's efforts to attract and retain corporations. Arts-in-education strategies that use the arts as instructional tools enhance both teaching and learning. ArtsWestchester has been engaged in arts-in-education for more than two (2) decades, helping schools and districts integrate the arts into classrooms. Experience and research demonstrate that carefully designed, multi-session artist residencies motivate students to learn core curricula, help them retain what they learn longer and enable them to develop critical thinking skills that are necessary for success in college and in the workforce. Hands on, multi-session arts making workshops are equally effective in helping young people and adults develop social and developmental skills. ArtsWestchester's comprehensive marketing program will provide thousands of County residents and visitors with information about local cultural resources available to them and their families.

The goals and objective of the Agreement will be tracked by direct reporting of the results to the County by the Arts Council, through the submission of an interim narrative report covering the period of January 1, 2106 through June 30, 2016, due on or before June 15, 2016 and a narrative report covering the period of July 1, 2016 through December 31, 2016, as well as a final report covering the whole year, due on or before January 15, 2017. However, it should be noted that ArtsWestchester's subcontracts with cultural organizations run from July 1 through

June 30th of the subsequent year, and as a result, ArtsWestchester will provide final figures on participation on or before September 30, 2017.

The Agreement is exempt from the Westchester County Procurement Policy pursuant to Section 3(a)xiii thereof.

Accordingly, I recommend and urge your Honorable Board's approval of the annexed Resolution.

(In the case of smaller programs such as special needs and the community arts initiatives, the Grants Committee of the Board of Trustees may serve as the panel). The panel thoroughly reviews proposals and prepares recommendations for a committee of the Board of Trustees. The Board of Trustees reviews the committee’s recommendations and in consultation with the county makes a final decision on awards. Transportation funds are distributed to eligible organizations on a first-come, first served bases.

ArtsWestchester monitors services provided by subcontractors and does “due diligence” on behalf of the county via site visits, meetings, and written reports and measurable outcomes. In consultation with the Grants Committee of ArtsWestchester’s Board of Trustees and with the county, organizations may be recommended for multi-year funding.

Throughout the year, ArtsWestchester provides on-going technical assistance and professional development opportunities for subcontractors, helping them to build their capacity and service quality.

In addition to improving teaching and learning in school settings, artist residencies have proven to be effective in helping young people and adults improve social and developmental skills. Homeless shelters, programs for seniors, Head-start centers, after-school and prevention programs, shelters and other human service agencies benefit from the arts-in-education services ArtsWestchester provides.

Arts education is a vital component of life-time learning, benefiting both young people and adults. There is a growing interest on the part of the public in learning about the arts by participating in art-making classes and workshops.

ArtsWestchester will:

- Partner with artists, cultural organizations, youth groups, school districts, and human service agencies throughout the county to provide artist residencies, classes and workshops

- Develop learning materials/activities related to at least two exhibitions at the Arts Exchange

3. PROVIDE PUBLIC INFORMATION SERVICES

Public Purpose: ArtsWestchester’s comprehensive marketing program provides thousands of county residents with information about local cultural resources available to them and their families. ArtsWestchester will continue to build its capacity to provide information services to both residents and visitors, including young adults and the county’s growing number of senior citizens. In addition to the benefits that individuals/families derive from participating in the arts, increasing attendance at cultural events yields a significant economic impact. An independent study undertaken by Americans for the Arts concludes that Westchester’s not-for-profit arts industry bolstered the economy by \$156.44 million. With the cutbacks of *The New York Time’s* Westchester section and reduced cultural coverage in *The Journal News*, ArtsWestchester has become the public’s single most important resource for cultural information.

Statement of Service:

A. "ArtsNews." Recognizing that the county's vibrant cultural life helps attract and retain businesses, ArtsWestchester will produce and distribute a monthly publication, "ArtsNews." As a service to the business community and its employees, we will insert "ArtsNews" into the "Westchester County Business Journal." In addition, we will distribute ArtsNews to the more than 2,000 individuals on our mailing list, and bulk distribute to libraries, train stations, coffee shops, medical offices, hospitals, senior centers, and various public office buildings. This publication is the most comprehensive printed arts calendar in the county, with an online version distributed weekly by email. This broad distribution builds the community's awareness of the number, variety and diversity of the county's cultural offerings and boosts ticket sales, audiences and earned income for cultural organizations. Specifically, ArtsWestchester will print and distribute ten 12- to 16-page issues of "ArtsNews," and insert into "Westchester Business Journal." ArtsWestchester also will continue to insert ArtsNews into all editions of "The Examiner," reaching residents in White Plains, Northern Westchester and Putnam County.

Proposed Outcomes of Service:

ArtsWestchester will

- Increase the distribution of "ArtsNews" to include at least 15 additional Westchester drop off sites in 2016

4. WEBSITE

Website. The site, ArtsWestchester.org, is designed to serve as a one-stop for anyone seeking information about arts and culture in Westchester. The primary feature, an interactive calendar, is accessible from each page and searchable by date, artistic genre, venue and location, so residents and visitors alike can use one site to easily find information about events offered throughout Westchester County that match their individual preferences. The website provides a page for each of more than 140 cultural organizations, linking to their sites so visitors can easily purchase tickets.

ArtsWestchester will continue to incorporate a customer relationship management system, enabling us to provide customized services, notices, and opportunities to website users and to a broad spectrum of constituents, enhancing ArtsWestchester's capacity to communicate effectively with the nonprofit arts sector, artists, and the public.

- Increase the number of annual unique visitors to the website by 10% over the course of the year
- Increase the number of page views to the website by 10% over the course of the year
- Maintain and enhance the "Arts Deals" section on the website that promotes discounted tickets and package deals
- Work with the county's cultural organizations and artists to provide more complete and robust directories of cultural organizations, artists, and teaching artists, making the information easily accessible for use by other organizations and by the general public

5. ASSIST CULTURAL ORGANIZATIONS WITH SPACE AT THE ARTS EXCHANGE

Public Purpose

Many of Westchester's small and mid-size organizations lack their own facilities and find it increasingly difficult to find appropriate, affordable space that is available on a regular basis for meetings, rehearsals, or cultural programs serving county residents. Local artists are also in need of venues to showcase their work. ArtsWestchester will meet these needs.

Scope of Service

ArtsWestchester will provide free or low-cost space for meetings, rehearsals, workshops, exhibitions, performances and other cultural activities on the Arts Exchange's 9th floor, which has been adapted for new use as a cultural venue, or in other appropriate spaces throughout the building, exclusive of the Grand Banking Room.

ArtsWestchester will manage, schedule and document the use of spaces in its facility, the Arts Exchange, by artists, cultural organizations and community groups.

Outcome of Service

- At least five groups will rehearse at the Arts Exchange during the year
- Artists/groups will utilize space at the Arts Exchange for at least 600 hours.

6. COUNTY-WIDE PROGRAMS

ArtsWestchester develops collaborative marketing activities with other agencies and promotional materials that have wider circulation and impact than the marketing of a single event or organization, thus building greater awareness of and participation in cultural activities.

Scope of Service

A. **“Music in the Air.”** ArtsWestchester will develop and implement a collaborative marketing campaign to promote *Music in the Air*, a four-month long cultural initiative of free and affordable outdoor music events. The campaign promotes outdoor summer concerts presented in public locations throughout the county between June and September 2016.

ArtsWestchester will identify and promote at least 250 events. A significant portion (over 85%) will be free.

Proposed Outcomes of Service:

- ArtsWestchester will develop dedicated pages on www.ArtsWestchester.org and design, print, and distribute a promotional piece that will be included in “ArtsNews,” The Examiner,” and “Westchester Business Journal.” Our promotion of Music in the Air will reach at least 300,000 people.

B. Increase promotion of the events of 140 cultural organizations. ArtsWestchester will continue to build public awareness—to increase the use of—its website, www.artswestchester.org, which promotes the activities and events of cultural organizations throughout the county that are affiliated with ArtsWestchester. One way ArtsWestchester will do this is through “Arts Deals.” The program informs the public of free/discounted tickets to a wide variety of cultural activities and special packages. ArtsWestchester will expand this service, identifying arts deals, working with cultural organizations to shape appropriate deals, and informing the public of opportunities.

Proposed Outcomes of Service:

- ArtsWestchester will make at least 125 deals available annually

SCHEDULE "A-1"
REPORTING SCHEDULE

ArtsWestchester will submit reports to the County twice a year as follows:

1st Report: Narrative report covering the period January-June 2016 due on or before June 15, 2016.
