Re: Authority to enter into an eleventh amendment to an agreement with Ross & Baruzzini, Inc. for consulting services in connection with design and installation of an electronic transit communication system for the Bee-Line System for a term ending on December 31, 2016 for an amount not-to-exceed \$2,208,992.00 by extending the end date of the agreement to May 31, 2017. (Agreement No. DOT03-09A-2010)

On February 13, 2003, your Honorable Board approved a Resolution exempting from the Westchester County Procurement Policy, pursuant to Section 3(a)xxi thereof, an agreement with Macro Corporation (“Macro”) to provide consulting services in connection with the design upgrade and installation of an electronic transit communications system for the Bee-Line System and integration of that system with the County-wide communication system. That determination was based on Macro’s significant background knowledge of the Bee-Line System and its communication requirements. On that same date, your Honorable Board approved a Resolution authorizing the County of Westchester to enter into an agreement with Macro to provide consulting services in connection with the design upgrade and installation of an electronic transit communications system for the Bee-Line System and integration of that system with the County-wide communication system for a term commencing on February 1, 2003 and continuing through December 31, 2007 in an amount not-to-exceed \$417,000.00 (the “Agreement”).

On June 9, 2005, your Honorable Board approved a Resolution authorizing a First Amendment to the Agreement in order to: 1) provide for additional services associated with the unique systems for the data radio system; and 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$350,000.00 including up to \$43,000.00 in Miscellaneous Additional Work to an amended amount not-to-exceed \$767,000.00.

On August 30, 2007, your Honorable Board approved a Resolution authorizing a Second Amendment to the Agreement in order to: 1) provide for additional services associated with ongoing refinements to the electronic transit communications system for the Bee-Line System and integration of the data system with the MetroCard Fare Collection System; and 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$600,000.00 to an amended amount not-to-exceed \$1,367,000.00.

On May 28, 2009, your Honorable Board approved a Resolution authorizing a Third Amendment to the Agreement in order to: 1) expand the scope of services to include additional services associated with the coordination of the integration of an automatic vehicle locator system for approximately 70 paratransit vehicles and the coordination of the integration of the bus locator system with a traffic signal replacement program on Central Avenue in White Plains and Greenburgh as part of the Bus Rapid Transit Program for the entire Central Avenue corridor; 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$376,189.00 to an amended amount not-to-exceed \$1,743,189.00; and 3) extend the termination date of the Agreement to December 31, 2010.

On July 15, 2010, your Honorable Board approved a Resolution authorizing a Fourth Amendment to the Agreement in order to: 1) expand the scope of services to include customizing the Automated Vehicle Location System to the unique data and scheduling systems used by the County's bus operators; 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$125,558.00 to an amended amount not-to-exceed \$1,868,747.00; and 3) extend the termination date of the Agreement to January 30, 2012.

On July 7, 2011, your Honorable Board approved a Resolution authorizing a Fifth Amendment to the Agreement in order to: 1) expand the scope of services to include more time acting as project manager due to the retirement of the County's project manager; and 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$109,053.00 to an amended amount not-to-exceed \$1,977,800.00.

On December 29, 2011, your Honorable Board approved a Resolution authorizing a Sixth Amendment to the Agreement in order to: 1) expand the scope of services to include project management support, technical support, testing support and documentation reviews necessary to complete the project and provide support during the first three months of the warranty period; 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$91,362.00 to an amended amount not-to-exceed \$2,069,162.00; and 3) extend the termination date of the Agreement to December 31, 2012.

On November 29, 2012, your Honorable Board approved a Resolution authorizing a Seventh Amendment to the Agreement in order to: 1) expand the scope of services to include additional project management support, technical support, testing support and documentation reviews necessary to complete the project; 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$92,400.00 to an amended amount not-to-exceed \$2,161,562.00; and 3) extend the termination date of the Agreement to December 31, 2013.

On May 23, 2013, your Honorable Board approved a Resolution authorizing an Eighth Amendment to the Agreement in order to: 1) assign it from Macro to Ross & Baruzzini, Inc.; and 2) extend the termination date of the Agreement to December 31, 2014.

On November 20, 2014, your Honorable Board approved a Resolution authorizing a Ninth Amendment to the Agreement in order to: 1) have Ross & Baruzzini, Inc. provide continued project management and coordination; 2) increase the total not-to-exceed amount payable under the Agreement by an additional \$47,430.00 to an amended amount not-to-exceed \$2,208,992.00; and 3) extend the termination date of the Agreement to December 31, 2015.

On December 3, 2015, your Honorable Board approved a resolution authorizing a Tenth Amendment to the Agreement in order to: 1) have Ross & Baruzzini, Inc. provide continuing project management and coordination; and 2) extend the termination date of the Agreement to December 31, 2016.

Due to the fact that the Bee-Line's Transit Communications System (TCS) requires the County's current radio system to operate, the County is planning the replacement of this radio system, and since Ross & Baruzzini, Inc. has been the project manager throughout the installation and implementation of the TCS, authority of your Honorable Board is sought for an Eleventh Amendment to the Agreement in order to: 1) have Ross & Baruzzini, Inc. provide continuing project management assistance; and 2) extend the termination date of the Agreement to May 31, 2017, at no additional cost to the County.

Except as otherwise specifically amended hereby, all other terms and conditions of the Agreement will remain in full force and effect.

The goals and objectives of this Agreement are to provide consistent oversight of the modifications necessary to the Transit Communications System, a critical component of the Bee-Line System.

Accordingly, your favorable action on the annexed Resolution is most respectfully urged and recommended.
