TO: Board of Acquisition and Contract

FROM: John B. McCaffrey
Chief Information Officer
Department of Information Technology

SUBJECT: Authority to amend an agreement (IT-1359) with ASC Services, LLC, pursuant to which it was to provide certain information technology services, by, a.) exercising the County's second and final option, and thereby extending the term of the agreement by one (1) year, and b.) increasing the not-to-exceed amount of the agreement by \$130,000, to a new amount not-to-exceed \$395,000, to ensure that adequate funds are available to pay for hourly services during the extended term.

By a resolution approved on February 26, 2015 (the "February 26th Resolution"), your Honorable Board authorized the County of Westchester, acting on behalf of the Westchester-Putnam Local Workforce Investment Board (the "WPLWIB"), (the "County") to enter into an agreement ("IT-1359") with ASC Staffing, LLC ("ASC"), pursuant to which ASC was to provide certain information technology services (the "Services") for a project funded by the United States Department of Labor under its H1-B Ready to Work Partnership Grant Program and under the Workforce Investment Act of 1998, as amended, ("WIA") until the Workforce Innovation and Opportunity Act ("WIOA") supersedes WIA, and under WIOA thereafter, for a period of one (1) year, commencing upon execution, (the "Initial Term") with the County having the sole option to extend the term of IT-1359 for up to two (2) additional one (1) year periods thereafter (each an "Option Term"). Under the terms of the February 26th Resolution, ASC was to be paid under IT-1359 an amount not-to-exceed \$150,000.00, which was to be paid at hourly rates not-to-exceed the following:

Period	1-Year Experience Not-to-Exceed Rate	3-Year Experience Not-to-Exceed Rate	5-Year Experience Not-to-Exceed Rate
Initial Term:	N/A	\$86/hour	\$87/hour
1st Option Term:	N/A	\$88/hour	\$89/hour
2nd Option Term:	N/A	\$89/hour	\$90/hour

IT-1359 was subsequently executed on March 3, 2015. Accordingly, the Initial Term of IT-1359 will end on March 2, 2016.

By a resolution approved on February 25, 2016, your Honorable Board authorized the County to, a.) exercise the County's first option under IT-1359, and thereby extend the term of

IT-1359 by one (1) year, through the first Option Term, and b.) increase the not-to-exceed amount of IT-1359 by \$75,000, to a new amount not-to-exceed \$225,000, to ensure that adequate funds would be available to pay for hourly services during the first Option Term; and c.) reflect the change in the name of the limited liability company from ASC Staffing, LLC to ASC Services, LLC (the "First Amendment"). The First Amendment was subsequently executed.

By a resolution approved on August 25, 2016, your Honorable Board authorized the County to amend IT-1359 by increasing its not-to-exceed amount by \$40,000, to a new amount not-to-exceed \$265,000, to ensure that adequate funds would be available to pay for hourly services during the first Option Term (the "Second Amendment"). The Second Amendment was subsequently executed.

As the County will continue to require the Services beyond the Initial Term and the first Option Term of IT-1359, authority is therefore respectfully requested from your Honorable Board for the County to, a.) exercise the County's second and final option under IT-1359, and thereby extend the term of IT-1359, as amended, by one (1) year, through the second Option Term, and b.) increase the not-to-exceed amount of IT-1359, as amended, by \$130,000, to a new amount not-to-exceed \$395,000, to ensure that adequate funds will be available to pay for hourly services during the second Option Term.

Except as specifically amended hereby, all remaining terms and conditions set forth in IT-1359, as amended, shall remain in full force and effect.

The proposed amendment will serve a public purpose by enabling the County to continue receiving the information technology services it needs to upgrade the County's WIOA website in order to ensure that the website can best perform its role in facilitating the work funded by the aforementioned grant and non-grant sources.

The goal and objective of the proposed amendment is to enable the County to continue receiving the information technology services it needs to upgrade the County's WIOA website in order to ensure that the website can best perform its role in facilitating the work funded by the aforementioned grant and non-grant sources.

The goal and objective of the proposed amendment is in the best interests of the County in terms of fiscal responsibility, as these services are aimed at improving the employment opportunities for local residents, which will, in turn, help make them economically independent and less likely to require public assistance.

The goals and objectives of the proposed amendment will be tracked and monitored by the staff of the Department of Information Technology.

I respectfully recommend the adoption of the attached Resolution.
