TO: Board of Acquisition and Contract
FROM: Vincent F. Kopicki, PE
Commissioner of Public Works and Transportation
DATE: August 15, 2017
SUBJECT: Authorization to extend the term of Agreement No. 14-929 with
Baker | LiRo Joint Venture until June 30, 2019

Authority of your Honorable Board is requested to extend the term of Agreement No. 14-929 between the County of Westchester (the "County") and Baker | LiRo Joint Venture (the "Consultant"), 11 Martine Avenue, Suite 675, White Plains, New York 10606, for the provision of engineering services associated with the Rehabilitation of Runway 16/34, Westchester County Airport, Towns of Harrison and North Castle and Village of Rye Brook, New York (the "Agreement"), until June 30, 2019. The original Agreement was executed on October 31, 2014 and is for a total amount not to exceed \$1,488,825.53. The original Agreement completion date was December 31, 2017.

The design services included in the original Agreement are in progress. The County has been satisfied with the quality of services provided to date. This project is being partially funded by the Federal Aviation Administration ("FAA"). Due to coordination with the FAA and the Airlines, it was necessary to reschedule the construction of the Rehabilitation of Runway 16/34 from the Fall of 2017 to the Fall of 2018. Therefore, the professional services of the Consultant will be required beyond the original completion date in order to provide engineering services during the construction phase which would include shop drawing and submittal review, attendance at project meetings, periodic site visits, preparation of as-built drawings, and project close-out services. Attached is a Resolution requesting an extension of the agreement until June 30, 2019 with no increase in the not to exceed amount of \$1,488,825.53.

The objective of this term extension is in the County's best interest as it will provide for uninterrupted consulting services pursuant to Agreement No. 14-929 for the Department project contained therein.

The Department shall continue to track scheduling and accomplishments by the Consultant and perform on-site inspections to ensure the successful completion of this project.

I urge your favorable consideration of the annexed proposed Resolution.
