TO: Honorable Members of the Board of Acquisition and Contract

FROM: Kevin M. McGuire
Commissioner, Department of Social Services

SUBJECT: Authority for the County of Westchester, by and through its Department of Social Services to enter into an agreement with Experian Information Solutions, Inc. for the provision of consumer credit reports in an amount not to exceed \$20,000 for the period January 1, 2018 through December 31, 2018 payable according to a fixed price schedule

Authority is requested for the County of Westchester (the "County"), acting by and through its Department of Social Services (the "Department"), to enter into an agreement with Experian Information Solutions, Inc. ("Experian") for the provision of consumer credit reports to assist the Department's Office of Program Integrity with its recovery of overpayments, the prevention, detection and reporting of fraud and ensuring the integrity of public assistance caseload and the correctness of public assistance eligibility in an amount not to exceed \$20,000 for the period from January 1, 2018 through December 31, 2018 payable according to a fixed price schedule (the "Agreement").

In order to enter into the Agreement, Experian has requested that the County "indemnify, defend and hold harmless Experian from and against any and all claims and expenses, including reasonable attorney fees, which may be asserted against or incurred by Experian, based upon the use by County of the Services or other information furnished by Experian for purposes not permitted by law."

The proposed Agreement with Experian is necessary so that the County can comply with

New York State legislation that charges the County with the responsibility for recovery of overpayments, the prevention, detection and reporting of fraud, and ensuring the integrity of the public assistance caseload and the correctness of public assistance eligibility.

The proposed Agreement will serve a public purpose by providing the County with assistance in preventing overpayments and fraud; and in ensuring the integrity of the public assistance program.

The goals and objectives of the proposed Agreement shall be to provide the County with assistance in its recovery of overpayments, the prevention, detection and reporting of fraud, and ensuring the integrity of the public assistance caseload and the correctness of public assistance eligibility.

The goals and objectives of the proposed Agreement are in the County's best interest regarding fiscal responsibility so that only those eligible to receive public assistance are receiving this assistance and that the proper amounts are paid to those who are eligible.

The goals and objectives of the proposed Agreement shall be tracked and monitored by the Department.

In order to comply with the County Procurement Policy, the Department solicited price quotations from three service providers: Experian, Equifax and Transunion, with Experian providing the lowest price quotation.

Accordingly, I most respectfully recommend the adoption of the annexed Resolution.
