**TO:** Board of Acquisition and Contract

**FROM:** Hugh J. Greechan, Jr., PE  
Commissioner of Public Works and Transportation

**DATE:** February 13, 2018

**SUBJECT: First Amendment to Agreement No. 13-912**  
In the matter of Engineering Services in connection with the  
Replacement of Butlerville Road Bridge over Croton River (BIN 3348590),  
Somers, New York

(1) Authorization to change the name of the Consultant from Barton & Loguidice, P.C.  
to Barton & Loguidice, D.P.C.

(2) Authorization to extend the term until December 31, 2021

---

Pursuant to a Resolution approved on May 30, 2013, the County of Westchester (the "County") entered into Agreement Number 13-912 with Barton & Loguidice, P.C. (the "Consultant"), 443 Electronics Parkway, Liverpool, New York 13088, wherein the Consultant was to provide engineering design services associated with the Replacement of Butlerville Road Bridge over Croton River (BIN 3348590), Somers, New York (the "Agreement") for the term June 15, 2013 through December 31, 2017, in the amount of \$130,180.00.

Upon notification from the Consultant, the County was informed that effective December 23, 2013, the company name of the Consultant has been changed to Barton & Loguidice, D.P.C. We are advised that this is a name change only and the same office contact personnel will be used to perform the work thus guaranteeing continuity throughout the Agreement.

Therefore, approval is requested to amend Agreement No. 13-912 to reflect the correct name of the Consultant.

This project is currently in design. The County has been satisfied with the overall quality of services provided to date by the Consultant. It is anticipated that construction will begin later this year. The original Agreement includes design services during construction consisting of shop drawing and submittal review, attendance at project meetings, periodic site visits, preparation of as-built drawings, and final construction closeout. The professional services of the Consultant will be required beyond the original Agreement completion date in order to provide design services during construction.

Therefore, authority of your Honorable Board is requested to extend the term of Agreement Number 13-912 between the County and the Consultant, for the provision of Engineering Design Services associated with the Replacement of Butlerville Road Bridge over Croton River (BIN 3348590), Somers, New York, until December 31, 2021 with no increase in the not to exceed amount of \$130,180.00.

Except as specifically amended hereby, all other terms and conditions of Agreement No. 13-912 will remain the same.

The objective of this project will be to replace the Butlerville Road Bridge over Croton River (BIN 3348590). This work is necessary due to extensive deterioration of the bridge. The existing bridge was built in 1916 and has an annual average daily traffic count ("AADT") of 451. It is a single span concrete arch bridge approximately 70 feet long by 27 feet wide. This bridge has a condition rating of 4.857 as inspected in 2015 by the New York State Department of Transportation and requires replacement to insure that it can remain a key component of the County's infrastructure, vital to the Town of Somers. This rating system, using a scale of 1 ("hazardous") through 7 ("new"), is a weighted average of the condition of an evaluated bridge. A rating below 5 indicates that a bridge requires work and delay of this work shall result in the continued deterioration of the bridge. This agreement will benefit the public as it will enhance the functionality of the bridge structure ensuring its safe use by the public.

The department will track scheduling and accomplishments by the Consultant and perform on-site inspections to ensure the successful completion of tasks. It is recognized and understood that the County shall evaluate the performance of this contract by the Consultant and shall use such evaluation in deciding to award future contracts to the Consultant.

I urge your favorable consideration of the annexed proposed Resolution.
