TO: Honorable Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner of Public Works and Transportation

RE: Amending a Resolution approved July 19, 2018, authorizing an amendment to Agreement No. DOTCAP06-02A with Conduent Transport Solutions, Inc. for the implementation of a computer-aided dispatch and automatic vehicle location system for the County's Bee-Line Bus System, in order to extend the term for two years to continue supporting the system; increase the fee by \$808,080.00 to a new amount not to exceed \$12,955,871.21, payable pursuant to an approved budget; and approve the use of ESS, Inc. as a subcontractor.

On December 19, 2013, your Honorable Board authorized the County of Westchester (the "County") to enter into an agreement with ACS Transport Solutions, Inc. ("ACS") to upgrade software for the computer-aided dispatch and automatic vehicle location system for the County's Bee-Line Bus System, for a term from January 1, 2014 through March 31, 2015 for an amount not to exceed \$1,236,040.72 (the "December 19, 2013 Resolution"). It was subsequently determined by the Department of Public Works and Transportation and the Department of Information Technology that these services should be performed through an amendment to an existing agreement with ACS which was entered into in 2006 rather than enter into a new agreement.

On June 15, 2006, your Honorable Board authorized the County to enter into an agreement with Orbital Sciences Corporation ("Orbital") for the implementation of a computer-aided dispatch and automatic vehicle location system for the County's Bee-Line Bus System. The agreement, dated August 7, 2006, was subsequently executed with a term commencing on August 7, 2006 and terminating on August 7, 2011. Under the agreement, the County was to pay Orbital an amount not to exceed \$9,737,236.00 pursuant to an approved budget ("Agreement"). Included in the price was two (2) years and four (4) months for the installation, testing and acceptance, and a one (1) year warranty period with five (5) years of maintenance commencing at the end of the warranty period.

On May 15, 2008, your Honorable Board authorized the County to consent to the assignment of the Agreement from Orbital to Affiliated Computer Services, Inc., which had purchased the Orbital operation. No other changes were made to the Agreement.

On January 22, 2009, your Honorable Board authorized the County to amend the Agreement to expand the scope of services and increase the fee by \$1,146,955.00 to an amended amount not to exceed \$10,884,191.00.

On June 11, 2009, your Honorable Board authorized the County to consent to the assignment of the Agreement from Affiliated Computer Services, Inc. to its wholly owned subsidiary, ACS Transport Solutions, Inc. ("ACS").

On September 10, 2010, your Honorable Board approved Pinnacle Wireless, Inc. as a subcontractor to ACS Transport Solutions, Inc. to provide maintenance for the Transit Communication System.

On July 25, 2011, the Commissioner of Public Works and Transportation notified ACS of a reduction in the services and a reduction in the contract value by \$2,897.00 to a new amount not to exceed \$10,881,294.00.

On March 1, 2012, your Honorable Board authorized the County to amend the Agreement to extend the termination date for an additional seven (7) years through August 7, 2018, at no additional cost to the County.

On April 24, 2014, your Honorable Board authorized the County to amend the Agreement ("Fifth Amendment") to: 1) reflect the correct name of the consultant as Xerox Transport Solutions, Inc.; 2) provide for upgraded software for the computer-aided dispatch and automatic vehicle location system and to increase the fee by \$1,266,497.21 to a new amount not to exceed \$12,147,791.21, payable pursuant to an approved budget; 3) rescind the December 19, 2013 Resolution; 4) amend Section 3.4 of the Agreement to provide that the consultant shall provide a separate Performance Bond for the total value of the Fifth Amendment; and 5) amend Section 2.5 of the Agreement to provide that one percent (1%) retainage shall be held based on the payments due for the Fifth Amendment but the retainage related to the Fifth Amendment shall be released upon the County's final acceptance of the deliverables referenced as per the Statement of Work. The retained amounts under the Agreement shall not be affected by the Fifth Amendment and shall be retained in full force as specified in the Agreement.

On July 19, 2018, your Honorable Board authorized the County to amend the Agreement to change the name of the Consultant to Conduent Transport Solutions, Inc. ("Conduent"). That amendment has not been executed.

Authorization is now requested to amend the July 19, 2018 Resolution in order to authorize another amendment to the Agreement to extend the term for two years from August 7, 2018 to August 7, 2020, and increase the amount of the fee by \$808,080.00 to a new amount not to exceed \$12,955,871.21, payable pursuant to an approved budget. In year one of the extension, the fee will be in an amount not to exceed \$400,333.00 and in year 2 it will be in an amount not to exceed \$407,747.00. It is anticipated that during the extension period the County will undertake a procurement process for a replacement system.

The approval of one subcontractor, ESS, Inc., 250 Clearbrook Road, Elmsford, New York 10523, has been requested by Conduent to perform radio system support services under the Agreement. This firm has been investigated and the Department recommends approval.

A proposed form of Resolution to accomplish the foregoing is attached hereto.
