**SUBJECT:** AGREEMENT NO. 18-929  
Authority to Enter into an Agreement with the State of New York for  
PIN 8762.10 – Westchester County Pedestrian Safety Improvements, Various Municipalities,  
Westchester County, New York

---

Authority is requested for the County of Westchester (the “County”) to enter into an Agreement with the State of New York, acting by and through the New York State Department of Transportation (“NYSDOT”) wherein NYSDOT shall provide federal funds in a sum not to exceed \$25,000.00 for the design phase with a total of \$775,000.00 for the entire project for PIN 8762.10 – Westchester County Pedestrian Safety Improvements, Various Municipalities, Westchester County, New York.

This pedestrian safety project is in the public’s best interest in that successful completion of the project will increase pedestrian safety through the installation of countdown times, high visibility crosswalk markings and new pedestrian signals/ADA ramps. Likewise, the use of Federal funds reduces the impacts of this project on the local tax base. Energy and environmental effects are positive through the indirect reduction of collision rates.

The County is responsible for undertaking all phases, including the payment in the first instance of one hundred (100%) percent of the federal and non-federal funds for the preliminary engineering, detailed design, construction and construction inspection phases of this project, following Federal and New York State guidelines and procedures to insure reimbursement. This agreement shall be amended as the project advances to the construction phase.

The Congress of the United States has provided for the apportionment of Federal Aid Highway funds to the State for the purposes of carrying out Federal Aid Highway Projects pursuant to the applicable sections of Title 23, US Code, as amended, and the New York State Highway Law authorizes the Commissioner of Transportation of the State of New York to use monies of the Federal Government available under the Federal Aid Highway Acts and provides for the consent to and approval by Westchester County of any project under the Federal Aid Highway Program which is not on the State Highway System.

This Department will track scheduling and accomplishments during construction to insure the successful completion of this project.

The proposed form of Resolution to accomplish the foregoing is attached hereto.
