TO: Honorable Members of the Board of Acquisition and Contract

FROM: Kevin M. McGuire, Commissioner
Department of Social Services

SUBJECT: Resolution authorizing the County of Westchester to enter into an agreement with the Mental Health Association of Westchester County, Inc., (“MHA”) pursuant to which MHA will provide Mental Health Case Management Assessment and Collaboration for families with children at risk of foster care placement for the period from January 1, 2019 through December 31, 2019 for an amount not to exceed \$274,060.

Authorization is requested for the County of Westchester (“County”), acting by and through its Department of Social Services (“the Department”), to enter into an agreement with the MHA pursuant to which MHA will provide Mental Health Case Management Assessment and Collaboration for families with children at risk of foster care placement for the period of January 1, 2019 through December 31, 2019, for an amount not to exceed \$274,060, to be paid on a monthly basis pursuant to an approved budget and subject to appropriation.

The services to be provided pursuant to this agreement will serve a **public purpose** as they preserve the family, reducing risk of abuse or neglect, thus averting the need for foster care placement as families will be better equipped to understand and handle child behaviors. The program will promote the general safety and welfare of residents of Westchester County. This program will provide specialized programming for children and parents diagnosed with serious social, emotional, and behavioral issues, with a strong focus on restoring and/or stabilizing family functioning. The catchment area of this program is Northern Westchester.

The **goals and objectives of this agreement** are in compliance with NYS Office of Children and Family Services regulation NYCRR 18, Part 423 (9) (10), which mandate that the Department provide preventive services to families at risk of foster care placement. Furthermore, through the provision of this service, the Department seeks to avoid foster care placements. MHA will accomplish the goals and objectives through the provision of the following services:

- Network Facilitation and the Support Circle model of care coordination
- Wraparound planning

- Strength-based care coordination and service planning
- Family engagement skills
- Crisis and respite planning
- Safety planning for sexually reactive youth as well as those with fire setting behaviors
- Assessment of childhood mental health and behavioral issues
- Advocacy for Committee on Special Education and other school meetings
- Using community services to enhance family stability

These services will be accessed through the Cross Systems Unit of the Department of Social Services.

The goals and objectives of this agreement are in the best interest of the County in terms of public health because this agreement will enhance parental child-rearing abilities by empowering parents, strengthening families and increasing the stability of families, thereby reducing the risk of abuse, neglect and/or need for foster care placements.

The goals and objectives of this agreement are in the best interest of the County in terms of fiscal responsibility in that the Department will be able to avert the need for foster care placements and the costs associated with such placements. Preventing children from entering the foster care system will result in substantial savings for the County.

The goals and objectives will be tracked and monitored using performance measurement indicators developed by the Department. The Department will be responsible for setting the milestones/targets and tracking the achievements by reviewing the performance reports submitted by the vendor.

Based on the Performance Measurement Indicators, the Department is able to report that the Mental Health Case Management Assessment program has served 157 families and 172 children in the first three quarters 2018. During that same period, 100% of case management documents were completed on respective due dates and 100% of each family receiving services had a face-to-face contact with all family members, at minimum, every two weeks.

This agreement is exempt from the Westchester County Procurement Policy and Procedures pursuant to Section 3(a) xviii.

It should be noted that this agreement is not subject to the competitive procurement requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (formerly, the Grants Management Common Rule) as the federal funding for this program falls under Social Services Block Grant.

Accordingly, the County is hereby requesting authority to enter into an agreement with the MHA for the aforesaid purpose.

An appropriate resolution requesting your Honorable Board's approval is attached herewith.
