FROM: Thomas A. Gleason

Re: Authority for the County of Westchester (the "County") to enter into an agreement with the New York State Division of Homeland Security and Emergency Services, to accept a grant in the amount of \$1,324,829.00 under the FY2019 Urban Area Security Initiative ("UASI") to purchase various communications equipment, Chemical, Biological, Radiological, Nuclear and Explosive ("CBRNE") response, detection and mitigation equipment, personnel costs, and training services for a term commencing on September 1, 2019 and continuing through August 31, 2022.

Attached for your consideration is a Resolution which, if approved by your Honorable Board, would authorize the County of Westchester (the "County"), acting by and through its Department of Public Safety (the "Department"), to enter into an agreement with the New York State Division of Homeland Security and Emergency Services (the "DHSES") to accept a grant in the amount of \$1,324,829.00 under its FY2019 Urban Area Security Initiative ("UASI"), to be used by the County to purchase various communications equipment, Chemical, Biological, Radiological, Nuclear and Explosive ("CBRNE") response, detection and mitigation equipment, personnel costs, and training services for a term commencing on September 1, 2019 and continuing through August 31, 2022 (the "Agreement").

Under the Agreement, DHSES shall directly reimburse the County on a quarterly basis for such aforementioned purchases in an amount not-to-exceed \$1,324,829.00, upon the County's presentation of invoices to the DHSES, together with supporting documentation.

The Agreement's goals and objectives shall serve a public purpose by providing the County with funds to purchase equipment and training services to maintain and further improve the County's ability to prevent and respond to all hazards incidents throughout the County.

The Agreement is in the County's best interest regarding public safety as the grant funds will be used to purchase the aforementioned equipment and training services which will allow the County to continue to improve its ability to protect residents from all hazardous incidents.

The Department shall track and monitor the Agreement's effectiveness by analyzing the results obtained from a series of DHSES required performance measures.

Since this is a grant agreement and not a contract for the procurement of goods or services, it is not subject to the requirements of the Westchester County Procurement Policy.

I certify that my department, a) has copies of, or access to, all applicable laws, rules, regulations, grant applications, and grant agreements (including any master grant agreement), as well as any guidance or instructions received from the agency making the grant (the "Grant Terms"), b) has reviewed the Grant Terms, c) is aware of and understands all of the Grant Terms, and d) can and will comply with all of the Grant Terms.

Accordingly, authority is respectfully requested from your Honorable Board for the County to enter into this Agreement.
