FROM: Norma V. Drummond
Commissioner of Planning

SUBJECT: Resolution to exempt the procurement of an agreement from the Westchester County Procurement Policy pursuant to section 3(a)xxi for an agreement with the Housing Action Council, Inc., to provide technical assistance to not-for-profit developers of new fair and affordable housing developments and/or local housing boards.

Authority is hereby requested from your Honorable Board to exempt from the application of the Westchester County Procurement Policy and Procedures pursuant to Section 3(a)(xxi) thereof, the procurement of an agreement between the County of Westchester ("County") and Housing Action Council, Inc., ("HAC"). For over ten years, the County has retained the HAC to provide technical assistance to not-for-profit developers of fair and affordable housing. Organized in 1974, HAC is a not-for-profit organization charged with expanding and preserving housing opportunities for low and moderate income households, including special needs populations. Its role is that of a catalyst, providing technical assistance to community organizations, human service organizations, not-for-profit and limited profit developers and municipalities so that they may carry out successful fair and affordable housing developments. HAC helps to identify sites, assess feasibility, secure financing, negotiate local approvals and coordinate the development process. It also advises boards of directors on the development process, forms development entities and assists in building the capacity of organizations to develop housing. Over the past 15 plus years, the HAC has helped facilitate the development of over 2,000 housing units throughout Westchester County, including rental and homeownership.

The County proposes to retain the services of HAC through 2020 to provide technical assistance to facilitate the development and preservation of affordable housing by assisting not-for-profit organizations and/or local housing boards with grant application processes; determining financial feasibility; securing federal, state and private funds; and other matters related to the development, preservation and improvement of nine affordable housing developments sponsored by such organizations. The amount of the agreement shall not exceed \$99,962.00, pursuant to an approved budget, and the term of the agreement is January 1, 2020 to December 31, 2020.

This agreement will provide additional fair and affordable housing in Westchester County that will result in more decent safe and sanitary housing opportunities for low income families.

Based upon the foregoing facts, it would be in the best interest of the County to continue to retain HAC to provide those technical services.

Therefore, pursuant to Section 3 (a) xxi, the Westchester County Procurement Policy and Procedures are not applicable to any procurement for which this Honorable Board determines, by resolution passed prior to commencing such procurement, that compliance with the policy would not be in the best interest of the County. Based on the reasons described above, it is proposed that the best interest of the County would be served by exempting the procurement of an agreement with Housing Action Council, Inc., from the Westchester County Procurement Policy.

This proposed resolution to exempt the subject procurement is submitted herewith for your consideration.

A separate resolution of even date requesting authority to enter into an agreement with Housing Action Council, Inc., for the above-mentioned services is being submitted for your approval.

I recommend approval of this exemption.
