TO: The Honorable Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner

DATE: August 3, 2020

SUBJECT: **Authority to enter into a grant Agreement with the State of New York Governor's Traffic Safety Committee for the Purpose of Administering Westchester's Plan4Safety Community Awareness Program (Agreement No. 20-925)**

Authority is hereby requested for the County of Westchester to enter into a grant Agreement with the State of New York Governor's Traffic Safety Committee for the purpose of administering Westchester's Plan4Safety Community Awareness Program. This grant was previously titled Community Awareness to Roadway Safety. This Agreement will begin the thirteenth phase of funding in the amount of \$195,625.00 without a County match. The period covered by this Agreement is October 1, 2020 to September 30, 2021.

Attached for your consideration is a proposed Resolution, which, if adopted would authorize the County to enter into a grant Agreement with the State of New York Governor's Traffic Safety Committee to implement Westchester's Plan4Safety Community Awareness Program.

I certify that my department, a.) has copies of, or access to, all applicable laws, rules, regulations, grant applications, and grant Agreements (including any master grant Agreement), as well as, any guidance or instructions received from the agency making the grant (the Grant "Terms"), b.) has reviewed the Grant Terms, c.) is aware of and understands all of the Grant Terms, and d.) can and will comply with all of the Grant Terms.

Entering into this Agreement is in the public's best interest because it will promote the health, safety and welfare of the general public by implementing countywide traffic safety programs to increase community awareness in the areas of child passenger safety, aggressive driving, seat belt use, as well as bicycle, pedestrian and school bus safety and, therefore, reduce motor vehicle crashes, injuries and fatalities in the county. Likewise, the program is fiscally responsible as it is grant funded and reduces the burden on the local tax base. Health, energy and environmental effects are very positive as more persons are made aware of safe driving, and the benefits of walking and biking. Thus, the County Executive's priority areas of Safety and Security (SS), Fiscal Responsibility (FR), and Health and the Environment (HE) are addressed.

This Department will utilize the National Highway Traffic Safety Administration and the NYS Governor's Traffic Safety Committee's procedures, set of data collection forms and tools to track the program's success in accomplishing the goals and objectives. This department will submit expense records/vouchers for reimbursement through the County's Advantage Financial System to track the grant monies for this Agreement and will use other internal methods working with the Department's Financial Control section to track expenses and prepare vouchers for reimbursement.
