**Consultant:** **D&B Engineers and Architects, P.C.**

**Amendment Amount:** **\$2,015,000.00**

*Subconsultant Approval:* *Starr Entertainment Group*

---

The County of Westchester ("County"), acting by and through its Department of Public Works and Transportation ("Department"), entered into Agreement Number 19-907 ("Agreement"), dated May 22, 2019, with D&B Engineers and Architects, P.C. ("Consultant"), 4 West Red Oak Lane, Suite 315, White Plains, New York 10604, wherein the Consultant was to provide design services associated with Playland Pool Rehabilitation, Playland Park, Rye, New York. The Agreement expires on December 31, 2023.

The engineering services included in the original Agreement have been in progress. The County has been satisfied with the quality of services provided to date. The Consultant has developed several options for the proposed work that have been reviewed by the County as the basis for final design. In order to provide sufficient resources for the final design, the County has requested that the Consultant provide additional design services during construction. In addition, construction administration services are required at this time.

Authority of your Honorable Board is therefore requested to amend the existing Agreement between the County and the Consultant to provide for additional engineering services in connection with Playland Pool Rehabilitation, Playland Park, Rye, New York. The Consultant shall provide additional design services during construction and construction administration services associated with this project. Additional design services during construction shall include shop drawing and submittal review, attendance at project meetings, periodic site visits and preparation of as-built drawings. For construction administration services, the Consultant shall monitor the construction procedures on the site to ensure compliance with the contract documents, coordinate scheduled activities of the contractors, submit construction progress reports and review and process contractors' applications for payment.

The objective of this project is to rehabilitate the pool located at Playland Park. The existing facility will be replaced with a new "Zero Depth Entry" pool in the same location and dimension (150 feet long x 75 feet wide). The scope of work for this project includes, but is not limited to, the following: replacement of mechanical system, electrical system, filtration system, lighting, decking, rehabilitation of the bathhouse brick façade, locker room renovation, and associated site work. These improvements are necessary to upgrade the Playland Pool. This agreement will benefit the public as it meets the increased demand created by the rising popularity of aquatic recreation through modernizing the Playland Pool with a safer, more sanitary facility.

The engineering discipline encompassed in this Amendment is not new, but rather, it is an integral part of the project that involves the same degree of skill, experience and complexity as the expertise generally described in the original project. Accordingly, this type of engineering discipline was originally contemplated in the Professional Prequalification Board and Professional Selection Board process.

The fee for the above services is for an amount of \$2,015,000.00 pursuant to an approved budget, bringing the total Agreement plus Amendment to \$3,490,000.00. The completion date of the Agreement shall remain December 31, 2023.

In addition, the Consultant has requested the utilization of the following subconsultant: Starr Entertainment Group, for Audio Visual Consulting Services, 2 Central Avenue, Ravena, New York 12143.

The Department will track scheduling and accomplishments by the Consultant and perform on-site inspections to ensure the successful completion of this project.

Proposed form of Resolution to accomplish the foregoing is attached hereto.

HJG/JA/as

# RESOLUTION

Upon communication from the Commissioner of Public Works and Transportation, be it hereby

RESOLVED, that the existing Agreement No. 19-907 (“Agreement”) between the County of Westchester (“County”), acting by and through its Department of Public Works and Transportation (“Department”), and D&B Engineers and Architects, P.C. (“Consultant”), 4 West Red Oak Lane, Suite 315, White Plains, New York 10604, be amended to provide for additional engineering services in connection with Playland Pool Rehabilitation, Playland Park, Rye, New York. The Consultant shall provide additional design services during construction and construction administration services associated with this project. Additional design services during construction shall include shop drawing and submittal review, attendance at project meetings, periodic site visits and preparation of as-built drawings. For construction administration services, the Consultant shall monitor the construction procedures on the site to ensure compliance with the contract documents, coordinate scheduled activities of the contractors, submit construction progress reports and review and process contractors’ applications for payment; and be it further

RESOLVED, that for the additional services rendered, the Consultant shall be paid a fee of \$2,015,000.00 pursuant to an approved budget, increasing the total maximum fee to \$3,490,000.00; and be it further

RESOLVED, that the use of the following subconsultant also be approved: Starr Entertainment Group, for Audio Visual Consulting Services, 2 Central Avenue, Ravena, New York 12143; and be it further

RESOLVED, that all other provisions of the existing Agreement shall remain in full force and effect; and be it further

RESOLVED, that the County Executive or his duly authorized designee is hereby authorized and empowered to execute any and all documents necessary or appropriate to effectuate the purposes hereof.
