Re: **Resolution authorizing the County of Westchester to execute an Agreement For Advance Payment with the Commissioner of Transportation for the People of the State of New York in connection with the State's taking, by eminent domain, of a permanent easement over certain County-owned property situated in the City of Mount Vernon in the vicinity of the Hutchinson River Parkway and Lincoln Avenue, for the purpose of construction, reconstruction and maintaining thereon drainage system culverts and appurtenances.**

Transmitted herewith is a proposed Resolution which, if adopted by your Honorable Board, would authorize the County of Westchester (the "County") to execute an Agreement For Advance Payment with the Commissioner of Transportation for the People of the State of New York ("State") and related documents in connection with the State's taking, by eminent domain, of a permanent easement over certain County-owned property situated in the City of Mount Vernon in the vicinity of the Hutchinson River Parkway and Lincoln Avenue, for the purpose of construction, reconstruction and maintaining thereon drainage system culverts and appurtenances.

In accordance with Section 30 of the New York State Highway Law and the Eminent Domain Procedure Law, the State Department of Transportation has advised the County that in connection with the planned project known as "Hutchinson River Parkway from New York City Lie to S.H. No. 901 (NYSDOT Project No. 14793)," a permanent easement over the following parcel of County-owned property is required:

Map 1087; Parcel 1112; (0.130 +/- acre), (hereinafter, the "Property").

It should be noted that on April 16, 2020 the State filed the requisite map in the Office of the Westchester County Clerk.

In consideration for the appropriation of the Property, the State will pay the County the sum of \$7,625.00 ("Advance Payment"), an amount determined by the State Commissioner of Transportation to be the value of all claims for the property appropriated and legal damages caused by said appropriation. As a prerequisite to such Advance Payment, the County will be required to provide a full release of all claims by reason of the appropriation, including claims by reason of any estate or interest in the streams, lakes, drainage and irrigation ditches or channels, streets, road, highways, or public or private rights of way, if any, adjacent to or abutting the Property, required for the purposes of the project. However, the County reserves the right to file a claim with the Court of Claims within the time period set forth in the Eminent Domain Procedure Law. If no such claim is filed, then the Agreement For Advance Payment shall automatically become an Agreement of Adjustment in full and complete settlement of all claims in connection with the appropriation of the subject property.

This agreement is not subject to the County Procurement Policy.

A resolution for your consideration is attached.
