TO: Board of Acquisition and Contract

FROM: Hugh J. Greechan, Jr., P.E.
Commissioner of Public Works and Transportation

DATE: December 22, 2020

SUBJECT: Resolution for Authority to Advertise
Contract No. 18-514
Hutchinson Valley Trunk Sewer Rehabilitation
Hutchinson Valley Sewer District
Town of Eastchester, New York

The 2020 Capital Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to rehabilitate the Hutchinson Valley Trunk Sewer including but not limited to bypassing of sanitary flows around the work area excavation; jack and bore a 30-inch steel pipe casing under exit 18W on the Hutchinson Parkway South; installation of a 16-inch DIP gravity sewer within the pipe casing; and trenching in the Exit 18W median to connect to the existing manhole.

The objective of this project will be to remove and realign a portion of the Hutchinson Valley Trunk Sewer located in the streambed of the Hutchinson River alongside the Mill Road exit ramp on the southbound Hutchinson River Parkway in Eastchester. The existing trunk sewer pipe is being undermined by river flows; as such, the replacement pipe must be placed outside of the waterway. This work is necessary to provide improved sanitary facilities that are in compliance with all applicable regulations.

This contract is in the public's best interest because it effectuates long-term repairs of this section of trunk sewer avoiding potential adverse environmental impact to the surrounding properties and the Hutchinson River, thereby promoting public health policies and laws.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
