Memorandum

85663

Date: June 8, 2021

To: The Honorable Board of Acquisition and Contract

From: Richard Wishnie
Commissioner of Emergency Services

Re: **Resolution authorizing an Agreement with Doron Precision Systems, Inc. for the provision of preventative maintenance services for a Fire Truck Driving Simulator for a two year (2) year term commencing on August 1, 2021 and continuing through July 31, 2023, for a total contract amount not to exceed \$13,680**

Authority is hereby requested from your Honorable Board for the County of Westchester (the "County"), acting by and through the Department of Emergency Services (the "Department"), to enter into an agreement with Doron Precision Systems, Inc. ("Doron"), pursuant to which Doron will provide regular maintenance and emergency services for the Department's Fire Truck Driving Simulator for a two (2) year term commencing on August 1, 2021 and continuing through July 31, 2023. In consideration for services rendered, the County will pay Doron a total amount not-to-exceed \$13,680, payable in advance at the rate of \$6,840 per year.

This contract will serve a public purpose by ensuring that the County's Fire Truck Simulator remains in proper working order, thus maintaining continuity of training.

After careful and diligent investigation, I have determined that there are no other vendors that can provide this service. Accordingly, my recommendation is that the subject procurement qualifies as a sole-source procurement pursuant to Section 9 of the Westchester County Procurement Policy. This Agreement is also exempt from the competitive procurement requirements of the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (formerly, the Grants Management Common Rule) as the services are only available from a single source (See 2 CFR § 200.320 (c)(2)).

I believe it is in the best interest of the County to enter into the within described agreement. Accordingly, I recommend that your Honorable Board approve the annexed proposed Resolution.
