TO: Board of Acquisition and Contract

FROM: John J. Hsu, P.E.
Commissioner of Public Works

DATE: September 30, 2010

SUBJECT: Resolution for Authority to Advertise
Contract No. 10-231
Restoration of Primary Sludge Piping – Phase III
Yonkers Joint Wastewater Treatment Plant
Yonkers, New York

The 2010 Non-Recurring Account contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to install a high performance coating on the plant's primary sludge piping.

The objective of this contract is to provide a protective coating to stop the deterioration of the primary sludge pipes.

This contract is in the public's best interest because it will promote the health and safety of the general public by insuring that the plant's operations meet all safety regulations, thus addressing the County Executive's priority area: Safety and Security (SS).

This project will provide an environmental benefit by utilizing a low Volatile Organic Compound coating system.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
