RE: Resolution authorizing the County of Westchester to amend its agreement with North Westchester Veterinary Office by extending the term by two years to a new termination date of February 28, 2014 and increasing the not-to-exceed amount to \$90,000

Authority is sought for the County of Westchester to amend its agreement for care of the Department of Public Safety's canines with North Westchester Veterinary Office commencing on March 1, 2011, and terminating on February 29, 2012 by extending the term by two years to a new termination date of February 28, 2014 and increasing the not-to-exceed amount to \$90,000.

The public purpose of this agreement is to establish veterinary care for the department's police canines. These canines provide scent detection for explosives and narcotics, tracking capabilities for search and rescue, and apprehension capabilities for patrol services. Currently the department has thirteen (13) police canines that are trained and certified according to various state and federal standards.

The goals and objectives of this program are to provide primary veterinary care for the department's seven (7) explosive detection canines, three (3) narcotic detection canines, two (2) tracking canines and one (1) patrol canine that are assigned to the Department.

The goals and objectives of this program will support the public safety and/or welfare by maintaining the health of the department's explosive detection, narcotic detection and patrol canines thus allowing them to provide support services in those specific fields as necessary.

The goals and objectives of this program will be tracked and monitored by the Commanding Officer of the Special Operations Division.

The agreement is exempt from the Westchester County Procurement Policy pursuant to Section 3 (a) viii thereof.

Wherefore, authority is respectfully sought for the County of Westchester to enter into this agreement.
