Re: Authority for the County of Westchester to enter into an agreement with Dr. Anne H. Meltzer, a licensed consultant for the provision of comprehensive psychosocial evaluations of children and adolescents alleged to be victims of sexual abuse for the period January 1, 2012 through December 31, 2012 in an amount not to exceed \$44,073 to be paid pursuant to an approved budget and subject to appropriation

Authority is hereby requested for the County of Westchester, acting by and through its Department of Social Services, to enter into an agreement with Dr. Anne H. Meltzer, a licensed sexual abuse validator, to administer comprehensive psychosocial evaluations of children and adolescents alleged to be victims of sexual abuse for the period January 1, 2012 through December 31, 2012 in an amount not to exceed \$44,073 to be paid at an hourly rate of \$180 pursuant to an approved budget and subject to appropriation.

This Agreement will serve a **public purpose** by providing a State mandated service. Dr. Meltzer provides professional expertise in the area of comprehensive psychosocial evaluations of children and adolescents alleged to be victims of sexual abuse thereby enabling the Department to provide appropriate referrals and services as recommended.

The **goals and objectives** of this contract are to provide timely, professional, expert assessments and evaluations of children alleged to have been sexually abused. Dr. Meltzer completes psycho/social assessments for victims of child sexual abuse. She conducts interviews with the child and other persons significant to the allegations, such as the parents, caretakers, and other relevant persons such as Child Protective Services Caseworkers, Supervisors, County Attorneys and Law Guardians. The interview with the child is face-to-face, while the other contacts may include telephone interviews. Interviews may be videotaped at the request of CPS or when ordered by the court. An oral report is provided to CPS upon completion of the evaluation. A

written report delineating the findings is also provided to CPS. As Dr. Meltzer specializes in the dynamics surrounding child sexual abuse, she can provide a course of direction for CPS staff when there is no physical evidence or witness to corroborate the allegations. These assessments are extremely useful when the victim is young, and/or has limited language and when the CPS interview alone is unproductive. The assessment and testimony are used to support CPS' determinations and to obtain a finding in Court.

The **goals and objectives are in the best interest of the County in terms of public safety and public health** because these evaluations assist the Department to obtain mental health evidence used to validate whether or not sexual abuse occurred with young children. This service is closely monitored by the Child Protective Services Program Office who review and approve all requests for this service. High risk cases that need this type of expert consultation are pre-approved and monitored for results. The Department receives expert quality services at a competitive price for this geographic area.

The **goals and objectives are in the best interest of the County in terms of fiscal responsibility** in that the services provided by the Consultant assist the Department in determining the appropriate level of services needed by the clients, thereby helping to avert placements and the cost associated with placement. Further, because the services will be provided at an hourly rate, payments will be made for the actual time the Consultant spends on each case which, in turn, would provide for more accountability on the part of the Department and the Consultants.

The **goals and objectives as stated in the resolution will be tracked and monitored** to evaluate success through the monitoring of established performance measures as stipulated in the contract as well as reviewing of periodic reports submitted by the vendor.

Based on the **Performance Measurement Indicators** reported as of the end of the third quarter, the Department is able to report that Dr. Meltzer has met the established measurement indicators set forth in the Scope of Work. Dr. Meltzer has accepted and evaluated 100% of all referrals received.

This contract is exempt from the Westchester County Procurement Policy pursuant to sections 3(a) (vii) and 3(a)(viii) of said policy.

We respectfully request approval of the attached Resolution.
