RE: **Resolution authorizing the County of Westchester to enter into an Agreement with Benchmark Analytics, Inc. for the provision of environmental laboratory analyses of water samples, on an as-needed basis, for a term commencing January 1, 2012 and expiring December 31, 2012, in an amount no to exceed Forty-Five Thousand (\$45,000) Dollars**

The attached resolution, if approved by your Honorable Board, would authorize the County of Westchester (the "County") to enter into an agreement (the "Agreement") with Benchmark Analytics, Inc. ("Benchmark"), for the provision of environmental laboratory analyses of water samples, on an as-needed basis, for a term commencing January 1, 2012 and expiring December 31, 2012, in an amount not to exceed Forty-Five Thousand (\$45,000) Dollars.

The Agreement will give the County access to additional analytical testing methodologies, above and beyond those analytical testing methodologies and services currently performed by the County. Although the County maintains an environmental laboratory with full service environmental testing capabilities, there are occasions throughout each year, for testing to be performed utilizing certain test methodologies that are not within the scope of work performed at the County's laboratory. The types of environmental samples that are routinely tested include drinking water, waste water, soils, solids, wastes and hazardous materials. Thus, the County will be able to provide comprehensive laboratory testing services while restricting certifications and associated costs. Contract costs, plus handling fees will be billed directly to the customer requesting the tests.

Although this procurement is exempt under section 3(a) viii of the Westchester County Procurement Policy, which exempts, among other things, contracts for the services of laboratory technicians, the requirements of the Westchester County Procurement Policy were followed: Quotations were solicited from three (3) entities and Benchmark Analytics, Inc. was the only entity to submit a bid.

The objective of this Agreement is in the County's best interest because it will promote the public health and safety by ensuring continued safe drinking water for the residents of the County, as well as wastewater discharge monitoring. The goal of the Agreement is to give the Department of Laboratories and Research (the "Department") access to an additional list of analytical testing methodologies, above and beyond those analytical testing methodologies and services currently provided by and performed by the Department. Although the Department maintains an environmental laboratory with full service environmental testing capabilities, there are occasions every year, for testing to be performed utilizing certain test methodologies that are not within the scope of work performed at

RESOLUTION

Upon a communication from the Medical Examiner/Pathologist, be it hereby

RESOLVED, that the County of Westchester is authorized to enter into an agreement with Benchmark Analytics, Inc., for the provision of environmental laboratory analyses of water samples, on an as-needed basis, for a term commencing January 1, 2012 and expiring December 31, 2012, in an amount no to exceed Forty-Five Thousand (\$45,000) Dollars; and be it further

RESOLVED, that this Agreement is subject to County appropriations; and be it further

RESOLVED, that this Agreement is also subject to further financial analysis of the impact of any New York State Budget (the "State Budget") proposed and adopted during the term of this Agreement. The County shall retain the right, upon the occurrence of any release by the Governor of a proposed budget of the State of New York and/or the adoption of a State Budget or any amendments thereto, and after the County has a reasonable period of time to conduct an analysis of the impacts of any such budget(s) on County finances, to terminate the agreement authorized herein or to renegotiate the amounts and rates approved herein. If the County subsequently offers to pay a reduced amount to the Contractor, then the Contractor shall have the right to terminate this Agreement upon reasonable prior written notice; and be it further

RESOLVED, that the County Executive or his authorized designee is hereby authorized and empowered to execute any and all documents necessary and appropriate to effectuate the purposes hereof.

Water Sample Analysis
Proposals Received November 18, 2011
Total – Not to Exceed \$45,000

This agreement for analytical services of laboratory samples is used as needed for the analyses of substances not performed by our laboratory. We utilize the service most frequently for:

Dioxin EPA 8290

The following cost proposals were submitted for the above test:

Benchmark Analytics, Inc 2566 Pennsylvania Avenue Sayre, PA 11840	\$645/test
---	------------

H2M Labs, Inc. 575 Broad Hollow Road Melville, NY 11747	No bid
---	--------

Commercial Lab Enterprise (WMOB) 270 Swinton Avenue Bronx, NY 10465	No bid
---	--------

APPROVED BOARD OF ACQUISITION & CONTRACT 02/09/2012 - JONATHAN VIEIRA, SECRETARY
