TO: Board of Acquisition and Contract

FROM: Jay T. Pisco, P.E.
Commissioner of Public Works and Transportation

DATE: February 8, 2012

SUBJECT: Resolution for Authority to Advertise
Contract No. 12-207
Replacement of Medium Voltage Feeders
450 Saw Mill River Road
Ardsley, New York

The 2012 Operating Budget contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to install new underground conduit and medium voltage electric feeder cables.

The objective of this contract is to replace the two (2) substandard medium voltage electric feeders, one (1) of which has failed, that serve the 450 Saw Mill River Road facility.

This contract is in the public's best interest because it will promote the health and safety of the general public by providing an upgraded electrical supply system that meets current codes and standards, thus addressing the County Executive's priority area: Safety and Security (SS).

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
