TO: Board of Acquisition and Contract

FROM: Jay T. Pisco, P.E.
Commissioner of Public Works and Transportation

DATE: June 5, 2012

SUBJECT: Resolution for Authority to Advertise
Contract No. 12-215
Painting of Sewage Tank
Water Street Pump Station
Peekskill, New York

The 2012 Non-Recurring Account contains funds for the above referenced project.

The work under this contract consists of providing all necessary labor, material and equipment required to remove existing paint, prepare surfaces and repaint the existing sewage tank, supports and railings.

The objective of this contract is to provide a protective coating to stop the deterioration of the sewage tank, supports and railings.

This contract is in the public's best interest because it will promote the health and safety of the general public by insuring that the pump station's operations meet all safety regulations, thus addressing the County Executive's priority area: Safety and Security (SS).

This project will provide an environmental benefit by utilizing a low Volatile Organic Compound coating system.

The department will track scheduling and accomplishments by the contractor and perform on-site inspections to ensure the successful completion of this project.
